Scotch® Photoelectric Scanning Tape 7800

3M Product Number 7800 3M ID B40069709

Details

Exposed-lens retroreflective tape for use as expendable code marks in automatic warehouse operations

Backing provides exceptional contrast for increased accuracy, reliability and depth-of-field in photoelectric and sorting classification systems

Synthetic rubber adhesive bonds to a wide selection of substrates

Performs at consistently high temperatures, including continued exposure at up to 350°F/177°C, and short term exposure up to 500°F/260°C

Backing provides exposed-lens reflective luminance of up to 200X

Heavy crepe paper backing tears easily for ease of use

Typical properties

Brands: Scotch®

eClass 14 Classification Group: 35030590

3M™ PELTOR™ Dynamic Boom Mic for MT™ Series, TacticalPro Two-way, MT7N 1 EA/Case

3M Product Number MT7N 3M ID 4100010841

3M™ Ratchet Kit W-3261, 1 EA/Case

3M Product Number W-3261 3M ID 7000126041 UPC 00051138291938

Details

For use with 3M™ Hoods H-Series

Typical properties

Brands: 3M™
Case Quantity: 1/case
Headgear Type: Hood
Product Color: White
Product Series: H-Series
Product Type: Ratchet Kit

3M™ 1260/1270/1271 Probed Test Plugs, 393-2016-50, 50/Case

3M ID 7100034169 UPC 10078371664838

Typical properties

Brands: 3M™

Case Quantity: 50

Material: Polyurethane

Product Color: Orange

Product Series: E-A-Rfit

Product Type: Probed Test Earplug

Recommended Application: Health & Safety Testing

eClass 14 Classification Group: 40270102

3M™ DBI-SALA® Coated Web Scaffold Choker Anchor 1201421, Polyester, 4 ft

3M Product Number 1201421 3M ID 7012816942 UPC 00840779066643

Details

Lightweight and durable polyester web construction
Meets the requirements for 29 CFR OSHA 1910.140, and OSHA 1926.502
Recommended for use in multiple industries including construction, mining, oil and gas, transportation, utilities, and wind energy
Adjustable designs available to accommodate a variety of different sized structures
Compatible with various fall arrest systems
This safety equipment is designed for use with additional personal fall arrest systems
Features high-strength steel hardware
Portable and reusable
Ideal anchorage device for scaffolding or piping

Typical properties

Attachment Type: Pass-through/Choker
Brands: DBI-SALA®
Case Quantity: 1
Connected Safety ID Equipped: No
Install Type: Reusable
Product Color: Yellow
Product Type: Coated Web Scaffold Choker
Recommended Industry: Construction, General Industrial, M

3M™ PELTOR™ Yellow LEP-200 Replacement Charging Case, 1 ea/cs

3M Product Number LEP-100C 3M ID 7100079510 UPC 00078371670719

Details

Flexible recharging of ear pieces via Micro USB and alkaline batteries
Rugged IP54 case to help protect earbuds

Typical properties

Auxiliary Port: Micro USB Charging Port
Brands: PELTOR™
Case Quantity: 1 each
Features: Level Dependent Function
Intrinsically Safe: No
Product Color: Yellow
Product Type: Case

3M™ WorkTunes™ Connect Wireless Hearing Protector

3M ID CBGNAWUS1754 UPC 00076308913267

Details

NRR of 24 dB (Noise Reduction Rating)*

BLUETOOTH® TECHNOLOGY lets you seamlessly stream entertainment from your mobile phone and any other Bluetooth® enabled device

HIGH-FIDELITY SPEAKERS provide premium sound quality

INTEGRATED MICROPHONE lets you make and take phone calls without removing the hearing protection

CORD AND ANTENNA-FREE design lets you move easily on the job

SIMPLE SINGLE-BUTTON INTERFACE allows you to stay focused on the job

AUDIO ASSIST TECHNOLOGY provides operational and set-up guidance—without having to take off the hearing protector

FLEXIBLE HEADBAND with cutouts to improve comfort when worn with caps

LIGHTWEIGHT, LOW-PROFILE DESIGN is great for extended wear

*CAUTION: 3M strongly recommends fit testing of hearing protectors. Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in hearing protector fit, fitting skill and motivation of the user. If the NRR is used, 3M recommends that it be reduced by 50% or in accordance with applicable regulations

SOFT, CONFORMABLE EAR CUSHIONS and low-profile cups for a comfortable fit

AUTO SHUT-OFF feature with low-battery indicator

BUILT-IN RECHARGEABLE BATTERY; charging cord included

COMPATIBLE WITH NON-BLUETOOTH DEVICES via 3.5m audio cable (not included)

30+ HOURS OF BATTERY LIFE PER CHARGE

Details

Noise Reduction Rating (NRR) 24 dB*

BLUETOOTH® WIRELESS TECHNOLOGY lets you seamlessly stream entertainment from your mobile phone and any other Bluetooth® enabled device
INTEGRATED MICROPHONE lets you make and take phone calls without removing the ear protection

EXCELLENT AM/FM RADIO performance with clear sound and bass boost option for great listening

AUDIO ASSIST TECHNOLOGY provides operational and set-up guidance—without having to take off the headset

AUDIO ASSIST TECHNOLOGY helps you program up to 50 AM/FM radio stations and lets you know when your battery is running low

EASY-TO-USE CONTROLS are conveniently within reach on your headset
Volume temporarily mutes when phone calls and messages are received

For optimal performance, stay within 25 feet of your Bluetooth® enabled device

Standard 3.5mm audio input jack lets you connect your devices

Makes an excellent gift for the yard or woodworking enthusiast

*CAUTION: 3M strongly recommends fit testing of hearing protectors. Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in hearing protector fit, fitting skill and motivation of the user. If the NRR is used, 3M recommends that it be reduced by 50% or in accordance with applicable regulations

For optimal performance, stay within 25 feet of your Bluetooth® enabled device

Standard audio input jack lets you connect your devices

Optional lithium rechargeable battery (sold separately) – model number 3M Alpha1100

3M™ E-A-Rsoft™ SuperFit™ Earplugs

Details

Tapered shape and smooth texture to help with comfort
Orange color band serves as a training tool to help see how deeply the earplug is inserted

Compatible with the 3M™ E-A-Rfit™ Validation System

Available with and without cords to suit user preference

Dispenser packaging option available for uncorded earplugs

CSA Class AL

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

Typical properties

Attenuation Rating: 33.0 Decibel

3M™ DBI-SALA® Floor Mount Sleeve Davit Base

Details

Floor mount sleeve davit base
Bolt-in install to existing concrete or steel floors
Standard and flush mount design with recessed fastener pockets available
High strength steel construction
Durable plated hardware
Provides for 360 degree davit mast rotation (if applicable)
Permanent installation with standard tools
PVC davit mast sleeve liner
Available in zinc plated steel or stainless steel

Typical properties

Case Quantity: 1
Connected Safety ID Equipped: No
Dimensions:
10.20x10.20x23.60cm, 10.00x10.00x9.30lbs, 30.40x20.30x23.60cm, 25.40x25.40x
23.60cm
Install Type: Portable
Material: Galvanized Steel, Stainless Steel
Net Weight (Imperial): 14.5 lb, 16.8 lb,

3M™ DBI-SALA® Flexiguard™ Trailer Mounted Adjustable Height Anchor

System 8530690, 2 User, Yellow, 12.75 – 20.5 ft

Part Number 8530690 3M Product Number 8530690 3M ID 7100231988

Details

Utilizes integrated counterweight to provide a stand alone solution
Two shock-absorbing arms overhead anchroages provide secure anchoring for up to two users
Anchor is height-adjustable from 10 ft.–21.5 ft. (3.0 m–6.6 m) with a 4.5 ft. (1.4 m) offset
Rated for off-road use only
One part of your personal fall protection system; intended for use with personal protective equipment including (but not limited to) harnesses and self-retracting lifelines
Conforms to the requirements of OSHA 1926.502 and OSHA 1910.140
Suitable for numerous applications within the transportation, construction, utilities, and mining industries
Steel Leveling Jacks capacity of 7,000 lb. (3,175 kg)

Typical properties

Brands: DBI-SALA®

3M™ DBI-SALA® SecuraSpan™ Pour-in-Place Horizontal Lifeline System

3M ID B00036510

Details

Portable design is durable, yet lightweight, for easy transport

Rugged, galvanized cable lifeline for exceptional durability

Stanchions have removable screw-in handles for easy set-up

Built-in, turnbuckle tensioner helps your worker tension the system to the safe level

Metal energy absorbers help protect the structure, and minimize needed fall clearance

This safety equipment is intended for use with additional personal protective equipment (PPE)

Recommended for use in multiple industries including construction, facilities, general manufacturing, heavy infrastructure, and more

Intended for use as horizontal lifeline system

Suitable for single and multi-span lifeline configurations

3M™ DBI-SALA® SecuraSpan™ Loop Rebar Horizontal Lifeline System 7400360, 1 EA

3M ID 7100188827 UPC 00840779004904

Details

Zinc-plated steel materials stand up to harsh environments
Rugged, galvanized cable lifeline for reliable fall protection
Metal energy absorbers limit help protect the structure, and minimize needed fall clearance
Intended for use as a temporary horizontal lifeline system
Equipped with Connected Safety RFID identification tag for convenient equipment tracking
This safety equipment is designed for use with additional personal protective equipment (PPE)
Single-span systems hold up to 2 workers; multi-span systems hold up to 6 workers
Portable design is durable, yet lightweight, for easy transport
Recommended for use in multiple industries including construction, facilities, power plants, general manufacturing, heavy infrastructure, and more

Typical properties

Brands: DBI-SALA®
Case Quantity: 1
Connected Safety ID Equipped: Yes
Install Type: Temporary/Portable
Lifeline Material: Galvanized Cable
Maximum Number of Workers: 2 Per Span, 6 Total
Product Series: SecuraSpan™
Product Type: Concrete
Recommended

Product Type: Faceshield

3M™ E-A-Rfit™ Dual-Ear Microphone Assembly 073-781

3M Product Number 073-781 3M ID 7100077867 UPC 00078371670146

Details

Dual-element, dual-microphone assembly for use with 3M™ E-A-Rfit™ Dual-Ear Validation System

Dual-ear design saves time by testing both ears simultaneously in under five seconds

Inserts into the back of the 3M™ E-A-Rfit™ Dual-Ear Enclosure Speaker Assembly

Each dual-element microphone connects to probed test plugs, test pods, or cushions and measures sound pressure levels outside and inside the hearing protector

Y-connector between right & left microphone denotes distance user should sit from speaker

Typical properties

Brands: 3M™

Case Quantity: 1

Product Type: Microphone

Recommended Application: Health & Safety Testing

Recommended Industry: Automotive, General Manufacturing, Metal Fabrication, Military Maintenance, Repair & Operation (MRO), Mining, Oil & Gas, Pharm

3M™ PELTOR™ Welding Hygiene Kit HY505, for Welding Earmuffs, 10 EA/Case

3M Product Number HY505 3M ID 7000103822 UPC 04046719543496

Details

Hygiene kit for H505B Earmuff

10 ea per case

3M PSD products are for occupational use only

*The NRR may overestimate the hearing protection provided during typical use

Typical properties

Brands: PELTOR™

Case Quantity: 10

Compatible Earmuff: Welding HY505

Hygiene Kit: Yes

Product Color: Black

Product Series: HY505

Product Type: Hygiene Kit

Recommended Application: Grinding, Welding

Recommended Industry: Automotive, General Manufact

3M™ VFlex™ Particulate Respirators 9100 Series

Details

V-shaped pleats expand for ease of breathing and flex with mouth movement while talking
Uniquely designed tabs allow for improved positioning on the face
Available in two sizes to fit a broad range of faces
Flat-fold design for convenient storage prior to use
Spacious inside with minimal impact on field of vision
Embossed front panel helps respirator retain its shape
Proprietary 3M™ Advanced Electrostatic Filter Media filters dust and other particles while allowing for easy breathing
Adjustable noseclip helps provide a custom and secure seal
Compatible with a variety of eyewear and hearing protection
NIOSH approved for at least 95 percent filtration efficiency against certain non-oil based particulates
Patented. See 3M.com/patent

Typical properties

Acid Gas Reduction: No
Advanced Electrostatic Media: Yes
Braided Comfort Strap: Yes
Cake-Resistant Filter Media: No
Class: Comfort
Cool Flow™ Exhalation Valve: No
Enhanced Comfort: No
Environment - Hot or Humid: No
Exhalation Valve: No

3M™ Health Care Particulate Respirator & Surgical Mask 1860 Series

Details

NIOSH N95 approved for at least 95 percent filtration efficiency against certain non-oil based particulates
FDA cleared for use as a surgical mask. Fluid resistant (according to ASTM F1862) to splash and spatter of blood and other infectious materials
Meets CDC guidelines for Mycobacterium Tuberculosis exposure control
The soft inner material, nose-foam, and braided headbands help provide comfort
The adjustable noseclip helps provide a custom and secure seal
3M proprietary filter media designed for ease of breathing
Intended to help reduce wearer exposure to certain airborne particles including those generated by electrocautery, laser surgery, and other powered medical instruments
Contains no components made from natural rubber latex
> 99% BFE (Bacterial Filtration Efficiency) according to ASTM F2101

Typical properties

Advanced Electrostatic Media: Yes
BFE: > 99%
Braided Comfort Strap: Yes
Class: Market Leader
Exhalation Valve: No
Faceseal: No
Features: Advanced Electrostatic Media
Filter Class: N95
Flame Resistance (ASTM D2859-96): No
Fluid Resistant (ASTM F18

3M™ V-Series Supplied Air Regulator Valves & Assemblies

Details

Low maintenance - no filters, cartridges, or batteries to maintain
Certain 3M supplied air valves can cool or heat air by up to 50°F (28°C)
Can operate on pressures ranging from 6-91 psig, depending on valve and hose length
All V-Series Supplied Air Valves require an approved 3M supplied air hose, breathing tub and headgear to complete the NIOSH-approved respirator system

Typical properties

Brands: Versaflo™
CFM Capacity per Minute: 100 CFM, 50 CFM
Cartridge or Filter Included: No
Case Quantity: 1
Compatible With: 3M™ Adflo™ PAPR, 3M™ L-Series Headgear, 3M™ V-300 Valve Assembly, 3M™ Valve Assembly V-100, 3M™ Versaflo™ Air Regulating Valv

3M™ Decon Belt RBE-BLT, 1 EA/Case

3M Product Number RBE-BLT 3M ID 7000126825 UPC 00051131918887

Details

This belt is used in the 3M™ Powered Air Purifying Respirator (PAPR) Systems RBE-NM10, RBE-L10, RBE-NMB and RBE-LB
Fits waist sizes up to 60 inches

Typical properties

Brands: 3M™

Case Quantity: 1/case

Compatible With: 3M™ Breathe Easy™ PAPR

Product Series: Breathe Easy

Product Type: Belt

3M™ Waist Belt GVP-117, Vinyl, 1 EA/Case

3M Product Number GVP-117 3M ID 7000126101 UPC 00051138292232

Details

For use with 3M™ GVP-Series Belt-Mounted Powered Air Purifying Respirators

Typical properties

Brands: 3M™
Case Quantity: 1/pack
Compatible With: 3M™ GVP-Series PAPR
Material: Vinyl
Mounting Type: Belt-mounted
Product Color: Black
Product Series: GVP
Product Type: Belt
Recommended Industry: Marine

Product Type: Air Filter & Regulator Panel
Prote

3M™ Breathe Easy™ PAPR Systems

Details

NIOSH-approved PAPR system helps provide respiratory protection from certain airborne contaminants

Loose-fitting, butyl rubber hood provides respiratory protection without the need for fit testing

Kits include a hood, motor blower, breathing tube, battery, airflow indicator, belt, and cartridge; some kits may have additional components

Headgear used as part of certain PAPRs can accommodate workers with limited facial hair and prescription eyewear

Typical properties

Battery Life: 12 Hour, 5.5 to 13 hours

Battery Type: Non-Rechargeable Lithium-ion, None, Standard Capacity Lithium Ion - Rechargeable

Belt Type: Decon, None, Standard

Brands: 3M™

Breathing Tube Type: Back-Mounted

Cartridge or Filter Included: No, Yes

3M™ Full Facepiece Reusable Respirator 7800S-S, Small, Silicone 1 EA/Case

3M Product Number 7800S-S 3M ID 7000126199 UPC 00051138542573

Details

Recommended for use in multiple industries including construction, general manufacturing, heavy infrastructure, industrial maintenance, mining, oil and gas, welding, and more

Meets the requirements of ANSI Z87.1-2003 standard for eye and face protection

Silicone face seal helps provide comfort and durability, and is easy to clean

Six-strap harness helps provide a secure comfortable fit

Use with 3M™ Particle Filters 2000, 2200, 7000, or 5000 Series to help filter certain particulates

Use with 3M 6000 Series Gas/Vapor Cartridges to help filter a broad range of gases and vapors

Use with 3M 6000 Series Combination Cartridges to help filter particulates in addition to gases and vapors

Compatible with 3M™ TR-600 and TR-800 powered air and Dual Airline supplied air systems against a variety of gases, vapors, and particulate hazards

For workplace/occupational use only

Typical properties

Accessories: Yes

Assigned Protection Factor: 10 Qualitative Fit Test, 50 Quantitative Fit Test

NIOSH-APPROVED OV/AG/P100 CARTRIDGE filters at least 99.97% of solids and liquid aerosols, as well as oil-based particulates

HELPS REDUCE EXPOSURE to certain organic vapors encountered during activities involving latex and oil-based painting, including paint spraying, varnishes, stains, sealants, solvents, certain solvent-based cleaners or pesticides**

FOR WORKPLACE/OCCUPATIONAL USE ONLY

HELPS REDUCE EXPOSURE to certain organic vapors encountered during activities involving latex and oil-based painting, including paint spraying, varnishes, stains, sealants, solvents, certain solvent-based cleaners or pesticides**

ALSO HELPS REDUCE EXPOSURE against certain acid gases such as heavy-duty cleaners/bleach, sealants and pool chemicals/treatments

QUICK LATCH SYSTEM for easy, one handed- on/off and makes it easy to drop respirator down from face without removing straps in a non-contaminated area

KIT CONTENTS: one facepiece, one pair of replaceable organic vapor/acid gas/P100 particulate filters (#60923)

VALVE COVER DESIGN directs exhaled breathe and moisture downward
CONVENIENT, REUSABLE DESIGN

DURABLE DESIGN for lasting wear

LIGHTWEIGHT, SILICONE FACESEAL for premium comfort

6001 OV CARTRIDGE HELPS REDUCE EXPOSURE to certain organic vapors encountered during activities involving latex and oil-based painting, including paint spraying*, varnishes, stains, sealants, solvents, certain solvent-based cleaners or pesticides**. *Use a prefilter when spraying **Refer to Pesticide Product Label for Respirator Guidance or call 3M at 1-800-243-4630 or In Canada, call 1-800-267-4414

5P71 FILTER HELPS REDUCE EXPOSURE to certain particles from paint spraying*, spray adhesives and pesticides**. *Use a prefilter when spraying **Refer to Pesticide Product Label for Respirator Guidance or call 3M at 1-800-243-4630 or In Canada, call 1-800-267-4414

3M™ BAYONET CONNECTION compatible with 3M™ cartridges and filters
KIT CONTENTS: one facepiece, one pair of replaceable 6001 Organic Vapor cartridges, one pair of 501 retainers and two pairs of replaceable 5P71 particle filters

3M™ DBI-SALA® Temporary Cable Horizontal Lifeline HLL Lifeline Assembly

Details

Durable galvanized lifeline

Portable design is durable, yet lightweight, for easy transport

Built-in, turnbuckle tensioner helps your worker tension the system to the required level

Stanchions and bases sold separately

This safety equipment is intended for use with additional personal protective equipment (PPE)

Recommended for use in multiple industries including construction, facilities, power plants, general manufacturing, heavy infrastructure, and more

Equipped with RFID

Metal energy absorbers, help protect the structure, and minimize needed fall clearance

Steel carabiners are easy to use, self locking and closing, and provide quick and safe attachment

Typical properties

Case Quantity: 1

Connected Safety ID Equipped: Yes

Install Type: Temporary/Portable

Lifeline Length (Imperial): 20 ft, 40 ft, 60 ft, 80 ft, 100 ft, 120 ft, 140 ft, 160 ft, 180 ft, 200 ft, 220 ft, 240 ft, 260 ft, 280 ft, 300 ft

3M™ DBI-SALA® FlexiGuard™ A-Frame System, Fixed Height

3M ID B00036705

Details

Multiple height and width configurations available

Aluminum and steel construction

Extruded aluminum rail requires minimal maintenance and includes two trolleys

System includes steel leveling jacks

Conforms to the requirements of OSHA 1926.502 and OSHA 1910.66

Suitable for numerous applications within the transportation, construction, utilities, and mining industries

Typical properties

Brands: DBI-SALA®

3M™ W Series Face Shields & Visors

Details

Helps workers see clearly

A variety of material options are available

It is recommended that protective eyewear be worn under faceshields at all times

Suggested for use in multiple industries including automotive, transportation, construction, manufacturing, mining, facility sanitation, heavy infrastructure, oil and gas, pharmaceutical, and more

Meets the requirements of ANSI Z87.1

Typical properties

Brands: 3M™

Case Quantity: 25,50,10

Features: UV Protection

For Use With: 3M™ Headgear Systems

Product Type: Faceshield, Faceshield Window, Short Faceshield

Recommended Application: Assembly, Cleaning, Demolition, Electrical, Exterior Assembly, Facil

3M™ E-A-R™ Push-Ins™ Earplugs

Details

Noise reduction rating (NRR)*: 28 dB

Hold the flexible fitting stem to insert the ear tip and help keep it clean longer even when hands are dirty

Smooth surface of soft E-A-Rform™ foam ear tip helps the ear tip slide into place for a comfortable fit

Compatible with the 3M™ E-A-Rfit™ Validation System

Available with or without cords to suit user preference

CSA Class AL

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

Typical properties

Attenuation Rating: 28.0 Decibel,30.0 Decibel

Banded: No

Case Quantity: 1500 Pair,2000 Pair,400 Pair

Cord Color: Blue

Cord Material: Metal Detectable Cord, Vinyl

3M Product Number X2B 3M ID 7100123156 UPC 10078371671263

Details

Design of neckband allows earmuffs to be worn with a variety of face shields and headgear

Compatible with headgear without accessory slots

Soft, adjustable head strap helps to maintain a secure fit with many different types of headgear

Fit can be confirmed: Verify with 3M™ E-A-Rfit™ Dual-Ear Validation System***

X2 products have medium attenuation: Perfect for the mid-level noise environments

Typical properties

Attenuation Rating: 25.0 Decibel

Attenuation Rating (SNR): 25 Decibel

Bluetooth: No

Brands: PELTOR™

Case Quantity: 10

Corded: No

Dielectric: No

Earmuff Style: Behind the Head

Electrically Insulated: No

Hearing Protection Style: Behind the Head, B

3M™ PELTOR™ X1 Hygiene Kit HYX1/37280(AAD), for X1 Earmuffs, 10 Kits EA/Case

3M Product Number HYX1 3M ID 7000104045 UPC 04046719723478

Details

Easily snaps into employee's own earmuffs enabling fit test. Adapter clips hold microphone next to earmuff for proper positioning during testing
Probed cushions can be cleaned with hygiene wipes and reused
Adapter clips hold microphones next to earmuffs during testing
*The NRR may overestimate the hearing protection provided during typical use

Typical properties

Brands: PELTOR™
Case Quantity: 10
Compatible Earmuff: X1-A, X1-P3E, X1-P51E, X1-P5E
Electrically Insulated: Yes
Hearing Protection Style: Hygiene Kit
Pairs Per Package: 1
Product Color: Black
Product Series: HYX1, X Series
Product Type: Hygiene Ki

3M™ PELTOR™ X2 Hygiene Kit HYX2/37281(AAD), for X2 Earmuffs, 10 Kits EA/Case

3M Product Number HYX2 3M ID 7000104046 UPC 04046719723492

Details

Easily snaps into employee's own earmuffs enabling fit test. Adapter clips hold microphone next to earmuff for proper positioning during testing

Pairs Per Package: 1
Product Color: Black
Product Series: HYX3, X Series
Product Type: Hygiene Kit

3M™ E-A-R™ Clear Ear 319-1002, 1 EA/Case

3M ID 7000127216 UPC 10080529190021

Details

Clear Three Flange Design

Provides less noise protection than other earplugs, reducing over-attenuation and muffling effects sometimes associated with earplugs

Designed for entertainment and service industry professionals including performers, crew, wait staff, and security personnel

Soft, flexible polymer flanges seal the ear comfortably

Proven three flange design fits a wide range of ears

Typical properties

Brands: E-A-R™

Case Quantity: 1

Dispenser Available: No

Earplug Material: Silicone

Hearing Protection Style: Training Tools

Material: Silicone

Metal Detectable: No

Product Color: Transparent

Product Series: E-A-R Support Materials

Product Type: T

3M™ PELTOR™ COMTAC™ IV Hybrid Gel Ear Seals for Communication Headset, HY400, 1 EA/Case

3M Product Number HY400 3M ID 7010303881 UPC 00093045935994

Details

Replacement ear cushions for the 3M™ PELTOR™ COMTAC™ IV Headset
1 pair

Replace at least twice a year to ensure constant attenuation, hygiene and
comfort

Typical properties

Brands: PELTOR™

Intrinsically Safe: No

Level Dependent Function for Ambient Listening: Yes

Product Color: Black

Product Type: Hygiene Kit

Purpose: Military/Police

Recommended Industry: Military Tactical

Tactical Communication Protection System (TCA)

3M™ Versaflo™ Air Flow Indicator TR-971, for TR-600 PAPR, 1 EA

Part Number 56707 3M Product Number TR-971 3M ID 7100035846

Details

- Enables confirmation of airflow
- Confirms factory calibration of airflow
- Easy to use
- Works across multiple temperatures and altitudes

Typical properties

- Brands: Versaflo™
- Case Quantity: 1/pack
- Compatible With: 3M™ Versaflo™ TR-600 Series PAPR
- Product Color: Transparent
- Product Series: TR-600
- Product Type: Air Flow Indicator
- Recommended Application: Assembly & Mechanical, Construction, Facility Maint

3M™ Filter Bowl W-2915M, Aluminum 1 EA/Case

3M Product Number W-2915M 3M ID 7000126949 UPC 00051131985384

Details

Aluminum filter bowl used with the 3M™ Compressed Air Filter and Regulator Panel W-2806 for pressures less than 250 psig. For industrial applications and environments where chemicals or synthetic lubricants are present

Typical properties

Brands: 3M™

CFM Capacity per Minute: 100 CFM, 50 CFM

Product Color: Metal

Product Series: Supplied Air

Product Type: Filter Bowl

Supplied Air Respirator Style: W-Series Fixed Panels

3M™ Zero Gas Cylinder 529-05-18, 1 EA/Case

3M Product Number -500608 3M ID 7000131706 UPC 00051138720148

Details

Replacement zero gas cylinder for the 3M™ Calibration Kit 529-04-49
Contains 0.6 cubic feet of zero gas

Typical properties

Brands: 3M™

CFM Capacity per Minute: 100 CFM, 50 CFM

Case Quantity: 1/case

Product Color: Cream

Product Series: Supplied Air

Product Type: Gas Cylinder

Supplied Air Respirator Style: MST Portable and Fixed Panels

3M™ Zero Gas Cylinder 529-05-17, Large, 1 EA/Case

3M Product Number -500609 3M ID 7000126385 UPC 00051138727888

Details

Replacement cylinder for the 3M™ Calibration Kit 529-04-48
It contains 3.6 cubic feet of zero gas

Typical properties

Brands: 3M™
CFM Capacity per Minute: 100 CFM, 50 CFM
Case Quantity: 1/case
Product Color: Cream
Product Series: Supplied Air
Product Type: Gas Cylinder
Supplied Air Respirator Style: MST Portable and Fixed Panels

3M™ High Efficiency Filter Element W-3013-4/07009(AAD) 4/Case

3M Product Number W-3013-4 3M ID 7000130752 UPC 50051131070092

Details

Replacement filter for the 3M™ Coalescing Filter Assembly W-3012/37008(AAD)

Typical properties

Brands: 3M™

CFM Capacity per Minute: 100 CFM, 50 CFM

Compatible Respirator: W-2806

Product Color: Gray

Product Series: Supplied Air

Product Type: Filter

Protection Type: Particulate

Recommended Application: Assembly & Mechanical, Blasting, Cleaning

3M™ Versaflo™ Air Flow Indicator TR-973, for TR-600 PAPR with BT-63/64 Breathing Tube 1/case

3M Product Number TR-973 3M ID 7100167216 UPC 00051131277571

Details

- Enables confirmation of airflow
- Confirms factory calibration of airflow
- Easy to use
- Works across multiple temperatures and altitudes

Typical properties

- Brands: Versaflo™
- Cartridge or Filter Included: No
- Case Quantity: 1/case
- Clip-on Welding Shield: No
- Compatible Respirator Type: PAPR
- Compatible With: 3M™ Versaflo™ TR-600 Series PAPR
- Enhanced Comfort: No
- Enhanced Durability: No
- Eye Protection: No

3M™ Adflo™ Flow Indicator 15-0099-05, 1 EA/Case

3M Product Number 15-0099-05 3M ID 7000126724 UPC 00051131925892

Details

Flow Indicator
Replacement Part

Typical properties

Brands: Adflo™
Case Quantity: 1
Compatible With: 3M™ Adflo™ PAPR
Features: Respiratory Accessory
Product Series: Adflo
Product Type: Air Flow Indicator
Purpose: Exclude
Recommended Application: Assembly, Facility Maintenance, Grinding, Machine Oper

3M™ Airflow Indicator 520-01-21 1 EA/Case

3M Product Number -504013 3M ID 7000131712 UPC 00051138720568

Details

Used to indicate the airflow rate on 3M™ Breathe Easy™ and Powerflow™ Systems

Typical properties

Brands: 3M™

Case Quantity: 1/pack

Compatible With: 3M™ Airstream™ PAPR, 3M™ Breathe Easy™ PAPR, 3M™ Powerflow™ PAPR

Headgear Type: Full Facepiece

Product Color: Transparent

Product Series: Breathe Easy

Product Type: Air Flow Indicator

3M™ Calibration Kit 529-04-49, 1 EA/Case

Part Number 72012 3M Product Number 529-04-49 3M ID 7100008186

Details

Used to calibrate the carbon monoxide (CO) monitors in the 3M™ Portable Compressed Air Filter and Regulator Panel 256-02-00, 256-02-01 and 3M™ Retrofit CO Monitor Kit W-2808. Contains a 0.6 cubic foot cylinder of zero gas, a 0.6 cubic foot cylinder of span gas, cylinder valve and case

Typical properties

Brands: 3M™
CFM Capacity per Minute: 100 CFM, 50 CFM
Case Quantity: 1/pack
Compatible With: 3M™ Supplied Air Systems
Product Color: Black
Product Series: Supplied Air
Product Type: Calibration Kit
Supplied Air Respirator Style: MST Portable and Fix

3M™ Calibration Kit 529-04-48, Large, 1 EA/Case

Part Number 72787 3M Product Number 529-04-48 3M ID 7000052154

Typical properties

Brands: 3M™

CFM Capacity per Minute: 100 CFM, 50 CFM

Case Quantity: 1/pack

Compatible With: 3M™ Retrofit CO Monitor Kit W-2808

Product Color: Black

Product Series: Supplied Air

Product Type: Calibration Kit

Supplied Air Respirator Style: MST Portab

3M™ Filter Cartridge W-2811-10/07007(AAD), 10 ea/Case

Part Number W281110 3M Product Number W-2811-10 3M ID 7000005377

Details

The filter assembly reduces the amount of particles that may be present in the compressed air system, including water and oil mist
The treated carbon in the filter material helps to lower nuisance level odors

Typical properties

Brands: 3M™
CFM Capacity per Minute: 100 CFM, 50 CFM
Case Quantity: 10/pack
Compatible Respirator: W-2806
Product Color: Gray
Product Series: Supplied Air
Product Type: Filter
Protection Type: Particulate
Recommended Application: Assembly & Mechan

3M™ Coalescing Filter W-3012/07008(AAD) 1 EA/Case

3M Product Number W-3012 3M ID 7000005397 UPC 00051131070080

Details

Used where the concentration of liquid aerosols in compressed air are greater than what can be filtered by the 3M™ Compressed Air Filter and Regulating Panel W-2806 alone

Typical properties

Brands: 3M™

CFM Capacity per Minute: 100 CFM, 50 CFM

Case Quantity: 1/pack

Compatible Respirator: W-2806

Product Color: Gray

Product Series: Supplied Air

Product Type: Filter

Recommended Application: Assembly & Mechanical, Blasting, Cleaning, Metal

3M™ Nose Cup Assembly 7881S, Silicone, 5 EA/Case

3M Product Number 7881S 3M ID 7000001919 UPC 50051138213416

Details

Approved 3M™ replacement part
Recommended for 3M Full Facepiece 7000 Series
Silicone for comfort and durability
Replacement nose cup assembly can extend respiratory equipment service life
Replaceable part can potentially result in respiratory equipment cost savings

Typical properties

Accessories: No
Brands: 3M™
Case Quantity: 1/pack
Clip-on Welding Shield: No
Compatible with 3M™ PAPR Systems: No
Compatible with 3M™ Supplied Air System: No
Compatible with Welding Shield: No
Cool Flow™ Exhalation Valve: No
Drop-down Feature: No

3M™ Band Clamp 7914, 5 EA/Case

3M Product Number 7914 3M ID 7000126016 UPC 50051138214260

Details

Approved 3M replacement part
Designed to secure 3M™ Breathing Room Assembly 7916 to 3M Full Facepiece
7800 Series
Band clamp can extend respiratory equipment service life
Use can potentially result in respiratory equipment cost savings
Band clamp maintains original service performance of facepiece

Typical properties

Accessories: No
Boxes per Case: 5
Brands: 3M™
Case Quantity: 5/case
Clip-on Welding Shield: No
Compatible with 3M™ PAPR Systems: No
Compatible with 3M™ Supplied Air System: No
Compatible with Welding Shield: No
Cool Flow™ Exhalation Valve: No
Dro

3M™ Filter Adapter 603, 16 ea/Case

3M Product Number 603 3M ID 7100066104 UPC 50051141560552

Details

Reusable: can be wiped down between uses

3M™ 603 Filter Adapters has a bayonet attachment

Easy installation

For attaching 5N11 and 5P71 filters and 501 retainers to 3M™ 6000, 7000 and FF-400 series reusable respirator facepieces or 3M™ Scott™ AV-3000 HT and AV-3000 SureSeal facepiece with 3M™ Scott™ AV-632 Bayonet Adapter

Not approved for use with the 3M™ Rugged Comfort Quick Latch Half Facepiece Reusable Respirator 650XQL Series

Typical properties

Accessories: Yes

Brands: 3M™

Case Quantity: 16/case

Compatible Respirator: 6500QL Series

Eye Protection: No

For Use With: 3M™ 6000 Series, 3M™ 6500 Series, 3M™ 7000 Series, 3M™ Ultimate FX FF-400 Series

Maintenance Free: No

Product Color: Gray

Pr

3M™ Cartridge/Filter Adapter 701, 20 EA/Case

Part Number 29113 3M Product Number 701 3M ID 7000126044

Details

Replacement part for 3M™ Full Facepieces 7800S
Bayonet style cartridge connection
20 each per case
For occupational use only

Typical properties

Accessories: Yes
Brands: 3M™
Case Quantity: 10 pairs/case
Clip-on Welding Shield: Yes
Compatible with 3M™ PAPR Systems: Yes
Compatible with 3M™ Supplied Air System: Yes
Compatible with Welding Shield: No
Cool Flow™ Exhalation Valve: No
Drop-down F

3M™ Half Facepiece Respirator Assembly 6291/07002(AAD), Medium, with 3M™ Particulate Filters 2091/07000(AAD), P100 24 EA/Case

Part Number 07002 3M Product Number 6291 3M ID 7000126163

Details

Assembly includes Half Facepiece Respirator and Particulate Filter 2091 P100
Half facepiece design combines comfort and convenience
Remarkably comfortable, soft, lightweight facepiece and easy-to-adjust head straps
Removable filters can be replaced with NIOSH approved 3M filters and cartridges
NIOSH approved for environments containing certain oil and non-oil based particles

Typical properties

Accessories: No
Brands: 3M™
Case Quantity: 24/case
Clip-on Welding Shield: No
Compatible With: Line Compressed Air System SA Series
Compatible with 3M™ PAPR Systems: No
Compatible with 3M™ Supplied Air System: Yes
Compatible with Welding Shield: Ye

3M™ Half Facepiece Respirator Assembly 6391/07003(AAD), Large, with 3M™ Particulate Filters 2091/07000(AAD), P100 24 EA/Case

3M™ DBI-SALA® Steel Plate Anchor 2104550, 1 EA

Part Number 2104550 3M Product Number 2104550 3M ID 7100188847

Details

Rugged and corrosion resistant material construction for durability with compact and lightweight design

High strength steel construction

This safety equipment is designed for use with additional personal protective equipment (PPE)

Compatible with various fall arrest systems

Recommended for use in the construction, general industrial, mining, oil and gas, transportation, utilities, and wind energy industries

Allows user to easily work around obstructions

Compact and lightweight design

Set-screw design installs onto 3/8 in. to 1 in. thick (9.5-25.4 mm) plate steel

Integral D-ring tie-off point

Typical properties

Anchor Install Type: Reusable

Attachment Type: Clamp

Brands: DBI-SALA®

Case Quantity: 1

Connected Safety ID Equipped: No

Dimensions: 4.70x3.10x9.00in

Install Type: Reusable

Material: Zinc Plated Steel

Product Color: Yellow Zinc

Product Type: Steel

3M™ DBI-SALA® ExoFit™ NEX™ Safety Harness

Details

Revolving Torso Adapters adjust harness fit with ease and speed and lock webbing into place

Automatic stand-up back D-ring enables efficient dorsal connections

Dual-locking quick connect buckles lock to harness webbing and prevent adjustments from slipping (available on select models)

Lightweight aluminum D-rings

Integrated suspension trauma straps included on all models

Typical properties

Belly Pad: No

Board/Seat Cushion: No

Body Belt: No, Yes

Body Belt Material: Nylon/Neoprene

Brands: DBI-SALA®

Buckle Type: Dual Lock Quick Connect, Pass-through, Quick Connect, Tongue Buckle

Case Quantity: 1

Chest Buckle Material: Zinc Plated Steel

3M™ Welding Face Seals

Details

For use with 3M™ Air Fed welding helmets

Original 3M™ Accessory

Replaces worn or damaged parts

For highest possible safety and comfort, regularly check your equipment for worn or damaged parts

Typical properties

Case Quantity: 1

Compatible Welding Helmet: 9100 Air Series, 9100 FX-Air Welding Helmets, 9100 MP Welding Helmets, G5-01 Welding Helmets

Features: Respiratory Accessory

For Use With: 3M™ Speedglas™ 9100 Air Welding Helmets, 3M™ Speedglas™ 9100FX-Air We

3M™ Facepiece Lens 7884, Replacement Part 5 EA/Case

3M Product Number 7884 3M ID 7000051872 UPC 50051138291148

Details

Approved 3M replacement part
Designed for 3M Full Facepiece 7800 Series (sold separately)
Replacement part can extend service life of facepiece
Replaceable part can potentially result in respiratory equipment cost savings
Lens maintains original service performance of facepiece

Typical properties

Accessories: No
Boxes per Case: 5
Brands: 3M™
Case Quantity: 5/case

3M™ Speedglas™ Outside Protection Plates

Details

Replacement part

Helps protect the welding filter from welding sparks and spatter

For use with 3M™ Speedglas™ Welding Helmets and Filters

Typical properties

ADF Dark State Shades: Variable 8-12

ADF Shade Range: Variable 8-12

ADF Viewing Area (Metric): 42x93 mm

ADF Viewing Area (hxw): 1.68x3.57in

Case Quantity: 5,50,10

Compatible Welding Helmet: 100 Series, 9000 Series, 9100 Series, G5-02
Welding Helmets,

3M™ DBI-SALA® Fall Protection for Tools Holsters

Details

Compatible with 3M™ DBI-SALA® and Protecta® Harnesses
Various holster options to align with the tools required for the job
Select models incorporate vents, designed to help keep the holster dry

Typical properties

Case Quantity: 1
Connected Safety ID Equipped: No
Dimensions: 5.25 x 2.25 inch
Manufacturing Origin: Taiwan
Net Weight (Metric): 0.09 kg, 0.1 kg, 0.19 kg, 0.2 kg, 0.22 kg, 0.26 kg, 0.29 kg,

3M™ Protecta® Belt

Details

Body belts available in designs to be used independently, as well as other versions to be used with 3M Fall Protection Harnesses

Multiple sizes available

Meets applicable regulatory standards

Typical properties

Belly Pad: No

Belt Type: Waist

Board/Seat Cushion: No

Brands: PROTECTA®

Buckle Material: Stainless Steel Grommet, Zinc Plated Steel

Buckle Type: Tongue Buckle

Case Quantity: 1

Connected Safety ID Equipped: No

D-ring Material: Stamped steel, Zinc P

3M™ DBI-SALA® FlexiGuard™ Counterweighted System

Details

Counterweighted overhead rail fall protection system
Aluminum and steel construction
Complete hardware provided
Portable with use of a forklift
Includes four steel leveling jacks; built-in slope indicators available as option
Recommended for a variety of applications within the transportation, construction, utilities, and mining industries
Available in multiple sizes, both fixed and adjustable heights
One part of your fall protection system; intended for use with other personal protective equipment (PPE) including (but not limited to) harnesses and self-retracting lifelines
Specialized installation and training available
Heavy duty leveling jacks and built-in slope indicators
Custom paint finishes available
Accessories available to suit worksite needs

Typical properties

Case Quantity: 1,1 EA/Case
Connected Safety ID Equipped: Yes
Dimensions: (12.00x8.00x9.30)in
Install Type: Temporary/Portable
Maximum Number of Users: Two
Net Weight (Imperial): 3850 lb
Product Color: Silver, Yellow
Product Series: FlexiGuard™
Pro

3M™ DBI-SALA® Rollgliss™ Descender, Vertical/Auto Retract

Details

28.6 kg emergency rescue and evacuation descender for use at any level
Fully automatic controlled vertical descent
Automatic retraction allows for multiple rescues and evacuations
Cable lifeline available in galvanized steel or stainless steel
3/16 in. (5 mm) diameter lifeline available in lengths of 115 ft. (35 m) or 200 ft. (61 m)
Pre-rigged design makes descender easy and simple use
Extra-durable, corrosion-resistant construction
Recommended for use in mining, oil and gas, and general industrial applications

Typical properties

Case Quantity: 1,1 EA/Case
CoWorker Controlled Ascent: No
CoWorker Controlled Descent: No
Connected Safety ID Equipped: Yes
Descent Type: Vertical
Lifeline Material: Galvanized Wire Rope, Stainless Steel Wire Rope
Line Length (Imperial): 115 ft, 200

Dimensions and Classifications

3M™ GoggleGear™ 500 Series GG500-PI, Prescription Insert

Details

Prescription lens insert available for 3M™ Goggle Gear, 500-Series Splash Goggles

3M™ Scotchgard™ Anti-Fog Coating lasts longer* than traditional anti-fog coatings , helping to increase eyewear performance in wet and steamy environments

Workers may enjoy reliable, clearer sight longer, because the coating with its active ingredient is bonded to the lens

The coating retains its effectiveness for at least 25 washings with water, allowing workers to wear their eyewear longer

The coating withstands disinfection with diluted bleach soaking or alcohol wipes without losing its anti-fog performance

3M™ Scotchgard™ Anti-Fog Coated Eyewear meets the requirements of ANSI Z87.1-2015 and

*Based on 3M internal testing per EN168 test method when compared to traditional anti-fog coatings

Typical properties

3M Technology: Scotchgard Anti-Fog Coating

Anti Fog Lens: Yes

Brands: 3M™

Case Quantity: 10

Comfort Features: Clip-on system

Eyewear Range: Premium

For Use With: 3M™ Solus™ 1000 Series Protective Eyewear

3M™ SecureFit™ 200 Eyewear Anti-Fog, SF200P1-DC, Clear, Clear Lens, 6/case

3M ID 70006988003 UPC 00051141388830

Details

Durable lenses help provide limited protection from light to moderate impact hazards
3M™ Pressure Diffusion Temple Technology self adjusts to provide a secure, comfortable fit
Lightweight, durable design for comfort and lasting wear
Weighs less than 1 ounce
Sleek temples create a comfortable fit when worn with ear protection
When worn with hearing protection, flat temple design limits risk of reduced effectiveness
Flexible temples conform comfortably to different head sizes
Compatible with many types of additional Personal Protection Equipment (PPE)
Anti fog, scratch resistant lenses help keep vision clear
Impact resistant lenses block 99.9% of UV rays
Meets the requirements of ANSI Z87.1, CSA Z94.3 and AS/NZS 1337
Clear lenses help provide excellent visibility and can be used indoors or outdoors

Typical properties

3M™ SecureFit™ X5000 Series Safety Helmets

Details

Suspension system incorporates exclusive patented 3M™ Pressure Diffusion Technology

Works with a variety of 3M™ Faceshields, Earmuffs, and other accessories

Meets ANSI Z89.1

Climbing helmet-inspired design

Customizable fit with multiple levels of vertical adjustment

Features 4-point chin strap with buckle and selector

3M's unique 4-point chin strap selector system makes it possible to switch between EN 12492 (Mountaineering helmets) and EN 397 (Industrial safety helmets) standards

Typical properties

Brands: SecureFit™

Case Quantity: 4,10

Features: Accessory Slots, Pressure Diffusion Technology, Replaceable Brow Pad, UV Indicator

For Use With: Earmuffs, Faceshields, Headlamps, Reflective Markings

Hard Hat Type: Type I

Product Color: Black, Blue,

3M™ Speedglas™ Welding Lens Assembly 9100, 06-0000-P10, Passive Shade 10, 1/Case

3M Product Number 06-0000-P10 3M ID 7010342411 UPC 00051141563176

Details

Passive welding filters can work well for welders who perform long continuous welds rather than tack welds or for use in wet environments

Full Passive Lens Assembly

Excellent lower-cost lens option for large, 2.8 x 4.2 in. (approx.) viewing area

Typical properties

ADF Viewing Area (hwxw): 2.8x4.2in

Brands: Speedglas™

Compatible Welding Helmet: 9100 Series

For Use With: 3M™ Speedglas™ 9100 Air Welding Helmets, 3M™ Speedglas™ 9100 Welding Helmets, 3M™ Speedglas™ 9100FX Welding Helmets, 3M™ Speedglas™ 9100FX-Air Wel

3M™ Speedglas™ G5 Series Auto Darkening Welding Filters

Details

Robust, reliable function

Compatible with both G5-01 and G5-03 helmets

Bluetooth enabled. Utilizing the 3M Connected Equipment app, users get access to additional functionalities, statistics and documentation

By selecting just the right welding filter settings for each task, you help reduce eye strain and may help improve the quality of the weld

Typical properties

ADF Model: G5-01/03TW, G5-01/03VC, G5TW, G5VC

ADF Technology: Natural Color, TAP, Tack Weld Mode, Variable Color

Auto On: Yes

Battery Life: ADF up to 1500 hours

Battery Type: ADF: Lithium 3V (CR2450), Lithium 3V (CR2450)

3M™ DBI-SALA® Nano-Lok™ Self-Retracting Lifeline with Anchor Hook

Details

- Swiveling anchorage loop with carabiner
- Quick activating speed sensing brake system
- Self-locking snap hook on lifeline
- Compact & lightweight design
- Durable thermoplastic housing
- High capacity external energy absorber and impact indicator
- RFID equipped and compatible with inventory management system
- Available in multiple styles and configurations

Typical properties

- ANSI Class Level: Class 1
- Anchor Connection Type: Carabiner, Rebar Hook, Snap Hook
- Anchor Hook Material: Aluminum, Zinc Plated Steel
- Anchor Hook Material: Aluminum, Zinc Plated Steel
- Average Arrest Force (Imperial): 1125 lbf (ANSI), 1125 lbf (OSHA 130)

3M Product Number TR-362 3M ID 7000052905 UPC 00051131173705

Details

Helps protect the HE filter and PAPR unit from damage due to sparks or other hot materials

For use with M-Series headgear configurations

Typical properties

Brands: Versaflo™

Case Quantity: 2/bag

Compatible With: 3M™ Versaflo™ TR-300 Series PAPR, 3M™ Versaflo™ TR-300N+ Series PAPR

Hazard Type: Silica

Material: Metal

Product Color: Metal

Product Series: TR-300, TR-300+

Product Type: Spark Arrestor

Reco

3M™ Adflo™ Blower Unit with Cover, 35-1099-01, 1 EA/CASE

3M Product Number 35-1099-01 3M ID 7100200559 UPC 00076308943684

Details

Powered Air Purifying Respirator (PAPR) system
For use with 3M™ Speedglas™ Welding Helmets

Typical properties

Battery Life: PAPR: up to 12 hours

Battery Type: PAPR: Lithium ion

Brands: Adflo™

Cartridge or Filter Included: HE Filter

Case Quantity: 1

Compatible Respirator: 3M Adflo Powered Air Purifying Respirator, Adflo

Features: Respiratory Spare Part

Incl

3M™ Versaflo™ TR-300 Series PAPR Filters

Details

For use with 3M™ TR-300 Series PAPRs
High efficiency particulate filter
Individually packaged
Simple to install

Typical properties

Case Quantity: 5,40
Compatible Respirator: TR-300 Series
Compatible with 3M™ PAPR Systems: Yes
Hazard Type: Silica
Mounting Type: Belt-mounted
NIOSH Cartridge or Filter Assigned Color Coding: Magenta
Product Color: Gray
Product Series: TR-Series
P

3M™ Exhalation Valve Cover FF-400-09, 5 EA/Case

3M Product Number FF-400-09 3M ID 7000052740 UPC 50051135894816

Details

Replacement part to use with 3M Ultimate FX Full Facepiece Reusable Respirators FF-401, FF-402, and FF-403 (sold separately)
Designed for use with the 3M Ultimate FX Full Facepiece Reusable Respirators (sold separately)
Maintains original performance standards of facepiece
Cover protects exhalation valve
Replaceable part can potentially result in respiratory equipment cost savings

Typical properties

Accessories: Yes
Boxes per Case: 5
Brands: 3M™
Case Quantity: 5/case
Clip-on Welding Shield: No
Compatible with 3M™ PAPR Systems: No
Compatible with 3M™ Supplied Air System: Yes
Compatible with Welding Shield: No
Cool Flow™ Exhalation Valve: Yes

3M™ Exhalation Valve Cover 7918, 20 EA/Case

3M Product Number 7918 3M ID 7000126043 UPC 50051138290950

Details

Approved 3M replacement part
Designed for 3M Full Facepiece Respirator 7800S (sold separately)
Replacement part can extend service life of facepiece
Replaceable part can potentially result in respiratory equipment cost savings
Valve cover maintains original service performance of facepiece

Typical properties

Accessories: Yes
Brands: 3M™
Case Quantity: 5/pack
Clip-on Welding Shield: Yes
Compatible with 3M™ PAPR Systems: Yes
Compatible with 3M™ Supplied Air System: Yes
Compatible with Welding Shield: No
Cool Flow™ Exhalation Valve: No
Drop-down Feature:

3M™ Welding Inside Protection Plates

Details

Replace 3M™ Speedglas™ Inner Cover Plate when it becomes deeply pitted or too dirty to clean

Helps protect your welding lens

Designed to be used with 3M™ Speedglas™ Welding Helmet and Lens

Regularly clean with a lint-free tissue or cloth

For highest possible safety and comfort, regularly check your equipment for worn or damaged parts

Typical properties

ADF Dark State Shades: Variable 5, 8-13

ADF Model: 9000F, 9000XF, 9002D, 9002V, 9002X, 9100V, 9100X, 9100XX, G5-02, G5TW, G5VC, None

ADF Shade Range: Variable 5, 8-13

ADF Viewing Area (Metric): 54 mm x 107 mm, 73 mm x 107 mm

ADF Viewing Area (hwx): 2.

**3M™ Speedglas™ Flip-Up Mechanism 27-0099-53, for 9100MP
Welding Helmets,
1 EA/Case**

3M Product Number 27-0099-53 3M ID 7000128224 UPC 00051141558134

Details

Flip-up Mechanism
Replacement Part
9100 MP

Typical properties

Brands: Speedglas™
Case Quantity: 1
Compatible Welding Helmet: 9100 MP Welding Helmets
Features: Respiratory Accessory
For Use With: 3M™ Speedglas™ 9100MP Welding Helmets
Product Color: Black
Product Series: 9100, 9100 MP, 9100-Air
Recommended Appl

3M™ Speedglas™ SL Welding Helmet Spatter Protector 05-0695-00, 1 EA/Case

3M Product Number 05-0695-00 3M ID 7100049368 UPC 00051131172258

Details

Satter Protection
Replacement Part

Typical properties

Brands: Speedglas™
Case Quantity: 1
Compatible Welding Helmet: SL Series
Features: SL Series Accessory
Product Series: SL
Recommended Application: Assembly, Facility Maintenance, Grinding, Machine
Operation, Sanding, Welding
Recommended Industry: Co

3M™ DBI-SALA® Smart Lock Self-Retracting Lifeline 3503823, Stainless Steel Cable, Blue, 50 ft. (15m)

Part Number 3503823 3M Product Number 3503823 3M ID 7100204328

Details

Available in multiple lifeline lengths and lifeline material configurations
Lightweight thermoplastic housing with built in carrying handle
Swiveling anchorage point and carabiner included
Patent pending dual label system located within ergonomic cable bumper stop to
simplify inspections and reduce the need for replacement
Swiveling snap hook with impact indicator
RFID located in cable handle

Typical properties

Anchor Connection Type: Swivel Snap Hook
Anchor Hook Material: Stainless Steel
Brands: DBI-SALA®
Carabiner/Hook Material: Stainless Steel
Connected Safety ID Equipped: Yes
Connector: Swivel Hook
Dimensions: 25" x 10" x 4.25"
Features: 420 lb Capaci

Dimensions and Classifications

Overall Length (Imperial): 50 ft

3M™ DBI-SALA® Smart Lock Self-Retracting Lifeline 3503821, Stainless Steel Cable, Blue, 35 ft. (11m)

Part Number 3503821 3M Product Number 3503821 3M ID 7100204326

Details

Available in multiple lifeline lengths and lifeline material configurations
Lightweight thermoplastic housing with built in carrying handle
Swiveling anchorage point and carabiner included
Patent pending dual label system located within ergonomic cable bumper stop to simplify inspections and reduce the need for replacement
Swiveling snap hook with impact indicator
RFID located in cable handle

Typical properties

Anchor Connection Type: Swivel Snap Hook
Anchor Hook Material: Stainless Steel
Brands: DBI-SALA®
Carabiner/Hook Material: Stainless Steel
Connected Safety ID Equipped: Yes
Connector: Swivel Hook
Dimensions: 25" x 10" x 4.25"
Features: 420 lb Capaci

3M™ DBI-SALA® Lad-Saf™ Swaged Cable 6104280, 3/8 Inch, 1x7, Galvanized Steel, 280 FT

Part Number 6104280 3M Product Number 6104280 3M ID 7100184411

Details

Robust cable tensioning and termination

Durable, high-strength steel construction that allows for maintenance-free longevity

Cable comes pre-cut and swaged, allowed for quick and easy installation and tensioning

Comes in stainless or galvanized steel, and in 1x7 or 7x19 versions

Typical properties

Brands: DBI-SALA®

Cable Preformation: Left, Regular Lay

Cable Strand: 1 x 7

Case Quantity: 1

Connected Safety ID Equipped: No

Install Type: Permanent

Lifeline Length (Imperial): 280 ft

Lifeline Length (Metric): 85.34 m

Lifeline Material: Galvanize

Dimensions and Classifications

Overall Width (Imperial): 0.375 in

Overall Width (Metric): 9.525 mm

3M™ DBI-SALA® Lad-Saf™ Swaged Cable 6105095, 3/8 Inch, 1x7, Stainless Steel, 95 FT

Part Number 6105095 3M Product Number 6105095 3M ID 7100184421

Details

Robust cable tensioning and termination

Durable, high-strength steel construction that allows for maintenance-free longevity

Cable comes pre-cut and swaged, allowed for quick and easy installation and tensioning

Comes in stainless or galvanized steel, and in 1x7 or 7x19 versions

Typical properties

Brands: DBI-SALA®

Cable Preformation: Left, Regular Lay

Cable Strand: 1 x 7

Case Quantity: 1

Connected Safety ID Equipped: No

Install Type: Permanent

Lifeline Length (Imperial): 95 ft

Lifeline Length (Metric): 28.95 m

Lifeline Material: Stainless

3M™ DBI-SALA® Lad-Saf™ Swaged Cable 6107170, 3/8 Inch, 7x19, Stainless Steel, 170 FT

Part Number 6107170 3M Product Number 6107170 3M ID 7100184486

Details

Robust cable tensioning and termination

Durable, high-strength steel construction that allows for maintenance-free longevity

Cable comes pre-cut and swaged, allowed for quick and easy installation and tensioning

Comes in stainless or galvanized steel, and in 1x7 or 7x19 versions

Typical properties

Anchor Connection Type: Swage

Brands: DBI-SALA®

Cable Preformation: Right. Regular Lay

Cable Strand: 7 x 19

Case Quantity: 1

Connected Safety ID Equipped: No

Install Type: Permanent

Lifeline Length (Imperial): 170 ft

3M™ SecureFit™ 300 Series Safety Glasses

Details

3M's innovative temple design features slotted ribs that provide comfortable pressure equalization, allowing the temples to flex and self-adjust to the size of the wearer's head

Curved temples apply pressure to the less sensitive back of the head, instead of the temples, achieving a comfortable fit even during rapid head movement

Lenses are angled to help accommodate high cheekbone structure

Soft nose pads help safety eyewear fit securely on a low nose bridge

Choose from models with anti-fog/anti-scratch or 3M™ Scotchgard™ Anti-Fog coating

U6 rated polycarbonate lenses absorb 99.9% of UVA, UVB, and UVC rays between 200 nm and 380 nm

Workers can feel confident wearing 3M eye protection that meets the Impact-Rated Protector requirement of the ANSI-ISEA Z87.1 Standard

Typical properties

ANSI Requirements: ANSI Z87.1-2003

Anti Fog Lens: Yes

Case Quantity: 20

Class: Premium, Value

Comfort Features: 3M™ Pressure Diffusion Temple Technology, Comfortable Wraparound Frame, Integrated sideshields, Lens angle adjustment, Lightweight, Polycar

3M™ DBI-SALA® Permanent Roof Anchor

Details

Durable materials and hardware designed to help stand up to harsh working conditions
Compatible with various fall arrest systems, not compliant for use with Horizontal Lifelines
Suitable for use in general industrial and construction industries
Compact, lightweight design
Meets the requirements for 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502
Features corrosion-resistant, steel and aluminum construction for durability
This safety equipment is designed for use with additional personal protective equipment (PPE)
Includes permanent or detachable options and reusable D-ring assembly
Installs onto various sizes of wood-framed structures
Designed to fit multiple size trusses with bolt and clamp installation
Integral stainless steel D-ring tie-off point

Typical properties

Anchor Install Type: Permanent
Attachment Type: Bolt/Clamp
Case Quantity: 1
Connected Safety ID Equipped: No
Dimensions:
3.00x0.40x17.80in,3.60x3.20x17.80in,3.00x0.40x13.90in,3.60x3.20x9.80in,3.60x3.20x13.70in
Install Type: Permanent, Semi-Reusable

3M™ DBI-SALA® Toggle Bolt Fastener Kit For Roof Top Anchor 7241182, 150 mm, 4 ea/Pack

Part Number 7241182 3M Product Number 7241182 3M ID 7100241077

Details

Variable lengths available 6 in., 12 in., and 20 in. (15 cm, 30.5 cm, and 50 cm)
Fastener kit for use with roof top anchor
Suitable for flat roofs on trapezoidal and plywood deck, hollow concrete structures, or membrane and built-up roof decks
Corrosion resistant construction
User friendly compact and lightweight design
Compatible with various fall arrest systems
Recommended for use in multiple industries including construction, oil and gas, and utilities

Typical properties

Anchor Install Type: Permanent
Anchor Type: Roofing
Brands: DBI-SALA®
Case Quantity: 1
Connected Safety ID Equipped: No
For Use With: Roof Top Anchor

3M™ DBI-SALA® Confined Space 5-Piece Davit Hoist System

Details

- Integrated 5,000 lb. (22 kN) mast anchorage point
- Fall arrest rated in all davit offset mast positions
- Adjustable mast height and base width
- Durable aluminum construction
- Adjustable foot-leveling system
- Available in two extension ranges: 11.5 in. to 27.5 in. (29.2 cm to 69.8 cm), and 23.5 in. to 42.5 in. (59.7 cm to 108 cm)
- Recommended for use in many industries
- Built-in level indicator
- Easy to set-up and dismantle without tools

Typical properties

- Case Quantity: 1
- Connected Safety ID Equipped: No
- Install Type: Portable
- Net Weight (Imperial): 164.7 lb
- Net Weight (Metric): 74.7 kg
- Package Contents: 1 Long Reach Adjustable Offset Upper Mast, 1 Lower Mast, 3-piece Base, 1 Short Reach Adjustable Off

Dimensions and Classifications

- Overall Height (Imperial): 100.26 in, 112.75 in
- Overall Height (Metric): 254.66 cm, 286.36 cm

3M™ DBI-SALA® Temporary Horizontal Lifeline System For Vacuum Anchor System 2200400, Kernmantle Rope, 40 ft

Part Number 2200400 3M Product Number 2200400 3M ID 7100235923

Details

Designed for use with our DBI-SALA™ Vacuum Anchor Lifeline System (sold separately)

Resilient materials stand up to harsh conditions

Allows for 2 workers per span

Horizontal lifeline systems offer workers exceptional range of motion on the job

This safety equipment is intended for use with additional personal protective equipment (PPE)

Recommended for use in multiple industries including construction, aeronautics, railroad, facilities, power plants, and more

Meets OSHA 1926.502 and OSHA 1910.140 requirements

Typical properties

Brands: DBI-SALA®

Case Quantity: 1

Connected Safety ID Equipped: Yes

Features: For Vacuum Anchor

For Use With: Mobi-Lok™

Install Type: Temporary/Portable

3M™ Disposable Protective Coverall 4540

Details

Two-way zipper with sealable storm flap helps provide additional protection against contaminants

Anti-static treatment on both sides can help reduce static build-up

Reinforced gusset between the legs helps provide increased durability while bending and squatting

Seamless shoulders and sleeve tops offer extra strength and protection

Extra-roomy design in arms and legs deliver enhanced mobility

Recommended for liquid pesticide application, pharmaceutical powder handling, powder coating, spray painting, spray coating, and more

20 or 25 units are included in each case

Typical properties

Closure Method: Two-way Zipper

Coverall Style: Collared, Hooded

Features: 3 Panel Hood, Anti-static, Collar (No Hood), Elastic Waist & Ankle, Knitted Cuff, Radioactive Particulate Protection

Hazard Type: Dust, Light Liquid splash, Particulate Material

3M™ Filter/Adapter/Retainer Kit 6N01, N95, 1 Kit/Case

3M Product Number 6N01 3M ID 7100234543 UPC 00638060431412

Details

Kit includes 20 pairs (40 eaches) 3M™ 5N11 Particulate Filters, N95 (enough for up to 10 individual users and 1 filter pair change out)

Kit includes 10 pairs (20 eaches) 3M™ 501 Filter Retainers (enough for up to 10 individual users), may be reused multiple times and wiped down

Kit includes 10 pairs (20 eaches) 3M™ 603 Filter Adapters (enough for up to 10 individual users), may be reused multiple times and wiped down

Use 3M™ Particulate Filter 5N11 with 3M™ 603 Filter Adapter and 3M™ 501 Filter Retainer

3M™ 603 Filter Adapter and 3M™ 501 Filter Retainer may also be used with 3M™ 5P71 prefilter

3M™ 603 Filter Adapters has a bayonet attachment and may be used with 3M™ 6000, 7000 and FF-400 series reusable respirator facepieces or 3M™ Scott™ AV-3000 HT and AV-3000 SureSeal facepieces with the 3M™ Scott™ AV-632 Bayonet Adapter

3M™ 501 Filter Retainer holds 3M™ Particulate Filters 5N11 or 5P71/07194 (AAD) in place on top of 3M™ 6000 Cartridge Series or 3M™ 603 Filter Adapter

All respirators, replacement filters, cartridges, and adapters sold separately

Refer to the Filter/Cartridge User Instructions for further information

3M™ DBI-SALA® FlexiGuard™ M100 Portable Counterweight Base

Details

- Powder coated steel upright and gusset components
- Extended rail-length increases safe working area compared to our previous jib systems
- Extended anchor height enhances capabilities in various applications compared to our previous jib systems
- Automatic mast lock helps prevent uncontrolled mast movement
- Aluminum extruded trolley rail with stainless steel / nylon trolley construction
- Rotating mast up to 360 degrees with Flip up rotation handle
- Permanent and portable mounted designs available
- Power assisted height adjustment capability for adjustable models
- Leveling jacks standard on the M100 with integrated fork pockets for transporting and positioning using industrial forklifts
- 3M™ Safety-Walk™ Slip Resistant walking surface (counterweight Bases)
- Additional system mobility with optional caster wheel kit

Typical properties

- Concrete Included: No, Yes
- Connected Safety ID Equipped: No
- Install Type: Temporary/Portable
- Manufacturing Origin: USA
- Maximum Height (Imperial): 4.5 ft
- Maximum Height (Metric): 1.4 m
- Maximum Number of Users: One
- Minimum Height (Imperial): 4.5 ft

3M™ 60923 Performance Cartridge for Multi-Purpose Respirator

3M ID 70006983319 UPC 00051141900223

Details

NIOSH-APPROVED OV/AG/P100 RATING filters at least 99.97% of solids and liquid aerosols, as well as oil-based particulates

FOR WORKPLACE/OCCUPATIONAL USE ONLY

OIL PROOF (Use according to manufacturer's time use restrictions when oil aerosols are present)

HELPS REDUCE EXPOSURE to certain organic vapors encountered during activities involving latex and oil-based painting, including paint spraying, varnishes, stains, sealants, solvents, certain solvent-based cleaners or pesticides*

ALSO HELPS REDUCE EXPOSURE against certain acid gases such as heavy-duty cleaners/bleach, sealants and pool chemicals/treatments

*Refer to Pesticide Product Label for Respirator Guidance or call 3M at 1-800-243-4630 or In Canada, call 1-800-267-4414

Use this product in accordance with all applicable respiratory protection requirements including OSHA Lead Standard and US-EPA Guidelines for mold
EASY-TO-ATTACH DESIGN

Cartridge Color: magenta and yellow

APPROVED FOR use with 3M™ 6000, 6500 and 7500 facepieces

WARNING: Workplace/Occupational Applications: This respirator helps protect against certain airborne contaminants. Misuse may result in sickness or death.

For correct use, consult supervisor and User Instructions, or call 3M in USA at 1-800-243-4630. In Canada, call 1-800-267-4414

3M™ Scott™ X3-21 Pro SCBA

3M Product Number X3-21 Pro 3M ID B5005341004

Details

Certified to the NFPA 1986 Standard on Respiratory Protection Equipment for Tactical and Technical Operations, including NIOSH-CBRN certification

Non-reflective, low visibility materials and multiple attachment points allow custom configurations to meet the user's needs

Cost savings and mutual aid may be realized by the ability to share cylinders, air compressors, service centers, training and fit testing

Harness materials offer greater resistance to chemical exposure and less water absorption, helping to minimize contamination

Removable harness designed for easier cleaning to assist with exposure reduction efforts

Natural articulation of the waist pad promotes a greater range of motion to the user while transferring weight to the hips for a more balanced load

Proven regulator design offers low breathing resistance to help reduce user burden

Redundant safety features afford operators peace of mind knowing that the SCBA will perform in critical life safety environments

3M™ DBI-SALA® Lad-Saf™ Cable Vertical Safety System

Details

Designed to meet the requirements of the ANSI Z359.16 standard, along with OSHA 1910.140 and 1926.502, when used with our Lad-Saf X3 Detachable Cable Sleeve (6160054) and Lad-Saf X2 Detachable Cable Sleeve (6160030)
Reengineered to simplify and speed up the installation process
Fewer loose parts: Fewer than 13 separate components, up to 72% less than our previous comparable model
Light – weighs less than our previous systems
100% tie-off capability: Integrated fall arrest-rated anchor point on top bracket rated to 3,600 lbs
Flexible: Mounting brackets can be used on a variety of fixed ladder styles that may consist of different rung spacings and shapes
Ideal for billboards and ladders

3M™ Scott™ Vision C5 Facepiece with E-Z Flo C5 Regulator

3M ID B5005270009

Details

Approved with the Air-Pak X3 Pro SCBA, compliant to the NFPA 1981 Standard on Open-Circuit Self-Contained Breathing Apparatus for Emergency Services, 2018 Edition

Approved with select Air-Pak SCBA models compliant to the 2013 edition and 2007 edition of NFPA 1981

Wider Field of View - Helps to improve situational awareness

Single Reflex Face Seal - Designed for enhanced comfort and easier donning

Removable 5-Point Head Harness - Helps provide secure fit while minimizing adjustment during donning and easily removable for cleaning

Dual Voicemitters - Enhanced voice transmission—exceeds Speech Transmission Index (STI) requirements for NFPA 1981

PPE Interface - Face seal provides wider landing area with ridges to help improve interface with protective hood

Modular Design - Enables future upgradeability, improves serviceability and provides a platform for use across multiple respiratory applications

Enhanced Breathability - Helps reduce user burden and improve operational efficiencies

Enhanced Communications - Reduced frequency Vibralert helps improve two-way radio communications

Auto Air-Saver - Simplifies operation and helps to prevent inadvertent air loss during removal from the facepiece

Expanded Heads-Up Display - New status icons provide visual alerts to SCBA wearer for electronic personnel accountability report (ePAR), EVAC and System Integrity Alarm (when using Air-Pak X3 Pro SCBA configured with SEMS II Pro Wireless SCBA Telemetry)

External "Buddy" Lights - Assist with remote identification of a user's SCBA air remaining

Recessed Heads-Up Display - Helps improve downward view through facepiece

Quarter-Turn Design - Provides secure connection to the facepiece

3M™ DBI-SALA® ExoFit™ X300 Safety Harness

Details

Revolving Torso Buckles adjust harness fit with ease and speed and lock webbing into place to maintain a comfortable and safe harness fit. Available on select models

Equipped with anti-sliding dorsal D-ring pad to help greatly reduce dorsal D-ring slide

Integrated easy-link SRL adapter lets you quickly and easily connect and disconnect personal SRLs. Available on select models

Auto-locking quick connect buckles secure contact with webbing, reducing the need to readjust. Available on select models

Automatic stand-up D-ring (lightweight aluminum) enables efficient dorsal connections

Low-profile suspension trauma strap design integrated between harness webbing

Equipped with auto-resetting lanyard keepers for fast and easy parking of snap hooks and carabiners

Equipped with an integrated RFID tag, enabling inventory, inspection, and record management

3M ID B5005047143

Details

Top Down Convertibility - Single facepiece is approved across range of respirators from the lowest to highest level of protection (APR, SAR, PAPR and SCBA)

Versatility of facepiece helps lower cost of ownership through reduced fit testing, simplified training and reduced inventory requirements

Available in 3 sizes and with Kevlar®, Rubber or Polyester Head Harness options to meet different customer needs

Fully open front port enables easy communication and breathing without any obstruction when in stand-by mode

Easy to maintain with no exhalation valve to clean or manipulate

Dual voicemitters allow easy communication with or without electronics

Compatible with EPIC 3 Communication Systems

3M™ Scott™ EZ-Scape Pro Integrated Self-Rescue Belt

3M ID B5005047171

Details

Provides a reliable means of escape from multi-story or high-rise buildings

One of the lightest, fully integrated escape systems on the market

One-size-fits-most application (adjustable from 30" - 56")

Compliant with NFPA 1981, 2018 edition when worn with a 3M Scott Air-Pak X3 Pro SCBA, as well as NFPA 1983, 2017 edition

Rated for 3034lbs/13kN static load, meeting NFPA 1983:2012 edition for an Escape/Ladder belt

Available with a Crosby hook or Lightning GT hook

Available as a belt-only configuration allowing firefighters to utilize their SCBA as a rated attachment point for their own personal escape bail-out system, or as an attachment point for a ladder belt

Belt-only configuration is just as light, yet stronger and more versatile than existing Air-Pak SCBA waist strap

Waist belt is available as a jettison configuration (removable from the SCBA) or a fixed configuration (non-removable from the SCBA)

Available as a retrofit for Air-Pak X3 Pro, Air-Pak X3, and Air-Pak 75 SCBA

3M™ Scott™ Vision C5 Facepiece with Radio Direct Interface

3M ID B5005289010

Details

Approved with the 3M™ Scott™ Air-Pak™ X3 Pro SCBA, compliant to the NFPA 1981 Standard on Open-Circuit Self-Contained Breathing Apparatus for Emergency Services, 2018 Edition

Approved with select Air-Pak™ SCBA models compliant to the 2013 edition and 2007 edition of NFPA 1981

Radio Direct Interface - Wireless radio communications utilizing existing compatible radios

In-Mask Communications - Enhanced voice intelligibility during two-way radio communications

Bone Conduction Headphone - Enhances hearing and understanding of incoming two-way radio communications

Automated Voice Prompts - Provide verbal notification of changing system conditions

Integrated Volume Switch - Adjust volume based on hearing acuity and environmental conditions

Rechargeable Battery - Intrinsically safe lithium-ion battery

Single-Button Operation - Simple, intuitive operation for powering on/off electronics

Multipurpose Solution - Continuous operation when transitioning between tactical (on air) and non-tactical (off air) operations

Multi-Platform Solution - Approved with compatible 3M™ Scott™ Air-Pak™ SCBA and compatible two-way radios

Software Configurable - Modify settings using iOS or Android™ compatible mobile applications

Enhanced Communications - Reduced frequency Vibralert EOSTI helps improve two-way radio communications

2-Bay Charger - Simultaneously charges two batteries using an AC/DC power supply or hard-wired, vehicle-mount connection

3M™ PELTOR™ System Control Unit SCU-300NA CY, Brown, 20 ea/Case

3M Product Number SCU-300NA CY 3M ID 7100224665 UPC 07318640070660

Details

Single, DUAL, and Multi COMMS configurable

The SCU can handle multiple radios, with multiple channels. In such scenarios, the user is able to select one of three preset sound profiles: Mix, Split and Surround

The SCU-300 lets you experience a cable-free connection between the SCU and compatible headsets (3M™ PELTOR™ ComTac VII, and 3M™ PELTOR™ Tactical Earplug, TEP-300)

The SCU utilize Near Field Magnetic Induction (NFMI), for wireless transmission of audio to headsets

The steep degradation of NFMI signal strength as a function of distance increases privacy and reduces issues with interference compared to traditional wireless technology

The SCU can be remotely operated via the remote control unit - RCU (included)

The RCU allows an operator to push transmission without having to remove their hand from the weapon system

Typical properties

3M™ SecureFit™ 3700 Series Safety Glasses

Details

3M's innovative temple design features slotted ribs that provide comfortable pressure equalization, allowing the temples to flex and self-adjust to the size of the wearer's head

Curved temples apply pressure to the less sensitive back of the head, instead of the temples, achieving a comfortable fit even during rapid head movement

Adjustable ratchet temples allows user to adjust lens for facial features and eyeglass position

Soft one-piece nose bridge

Optional contoured brow guard

Choose from models with anti-fog/anti-scratch or 3M™ Scotchgard™ Anti-Fog coating

U6 rated polycarbonate lenses absorb 99.9% of UVA, UVB, and UVC rays between 200 nm and 380 nm

Workers can feel confident wearing 3M eye protection that meets the Impact-Rated Protector requirement of the ANSI-ISEA Z87.1 Standard

3M™ E-A-Rsoft™ Yellow Neon Blasts™ Earplugs

Details

Expands within the ear canal for comfortable noise reduction
Orange red flame and orange cord provide fun contrast
Compatible with the 3M™ E-A-Rfit™ Validation System
NRR* of 32 dB for the regular size; 33dB in combination with large Yellow Neons
CSA Class AL

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

3M™ DBI-SALA® Rollgliss™ R550 Oil and Gas Rescue and Descent Device Kit with Rescue Wheel 3300005, Kernmantle Rope, 200 ft

Part Number 3300005 3M Product Number 3300005 3M ID 7100231777

Details

Rescue System includes items to facilitate a rescue from most working locations on the structure

Rescue System is intended for the oil and gas drilling and service industry
Pictorial label cards provided for EA pocket allow for quick location identification and proper product use

Rescue System contents are organized and secured within designated pockets.

Fall protection for tools incorporated for all content within the bag

Bag is compact and incorporates versatile pocket storage

Bag has a rated lifting point integrated on top

Rescue System is easy to use

Bag incorporates padded shoulder straps to provide comfort while carrying. The ridged bag design keeps bag aligned with the worker while climbing structure

Includes: Part Number Description Qty: 3620007 6' Web Sling 2 EA, 3620008 1' 3/4" Web Sling 2 EA, 1500055 10lb. tool tether 4 EA, 2000300 2" gate opening carabiner 1 EA, 2000112 Steel Carabiner 4 EA, 9514753 Micro Pulley 1 EA, 3320046 RA Edge Protector 1 EA, 1500047 Bungee Tether 1 EA, 5000028 Cable Grab 1 EA, 5000032 Web Grab 1 EA, 3327200 R550 Rescue Unit - 200' 1 EA,

3M™ Stacked Lens Cover FF-400-18, 20 EA/Case

3M Product Number FF-400-18 3M ID 7010385198 UPC 50051141567889

Details

Includes seven removable lens cover layers to help protect the facepiece lens
Each layer easily peels away by hand as outer layer becomes clouded with overspray, dirt and residue
Peeling away contaminated layer reveals a clean layer underneath
The perimeter adhesive on the lens cover seals firmly to the lens and helps keep debris away from facepiece lens
Outer layer may be peeled away by hand while wearing respirator, limiting work stoppages to change the lens cover
Stacked lens cover system minimizes prep time when multiple lens covers are required to perform a job
System works with 3M™ Ultimate FX Full Reusable Respirators Facepiece, models FF-401, FF-402 and FF-403

3M™ SecureFit™ 500 Series Safety Glasses

Details

3M's innovative temple design features slotted ribs that provide comfortable pressure equalization, allowing the temples to flex and self-adjust to the size of the wearer's head

Curved temples apply pressure to the less sensitive back of the head, instead of the temples, achieving a comfortable fit even during rapid head movement

Sporty design with contemporary lens shape and a sleek profile

Adjustable ratchet temples allow user to adjust the lens for facial features and eyeglass position

SecureFit's flat and flexible temple design combines well with 3M™ Protective Earmuffs

Choose from models with anti-fog/anti-scratch or 3M™ Scotchgard™ Anti-Fog coating

U6 rated polycarbonate lenses absorb 99.9% of UVA, UVB, and UVC rays between 200 nm and 380 nm

Workers can feel confident wearing 3M eye protection that meets the Impact-Rated Protector requirement of the ANSI-ISEA Z87.1-2020 Standard

3M™ Safety and Inspection Manager for Emergency Service, Any Level, for Restricted Customers

3M Product Number SIM-ES Restricted 3M ID 6100003704

Details

Inspect - flexibility to help you inspect anything in the firehouse such as SCBA, apparatus, turnout gear, and other equipment to ensure it is in proper working order and ready to go and help conform with NFPA 1851, NFPA 1852 and OSHA 1910.134

Simple & Scalable - web based software is prepopulated with your new 3M Scott equipment while mobile applications provide the ability to conduct workflow anywhere regardless of internet access

Assess & Plan - provides decision makers timely intelligence regarding the history, status and availability of resources and equipment with which they can plan budgetary needs

Availability - be confident in the knowledge that the equipment and resources you need are ready and waiting for deployment when called upon

Training - know the people entrusted with the task of employing the various types of safety and personal protective equipment are properly trained and fitted to execute their duties

Record keeping and traceability - on demand validation of inspections and training with insight into who, what, when, where and why the activities were completed supporting adherence to regulatory requirements

Enhanced Accountability - cloud based requiring minimal IT involvement.

Administer equipment or run reports anywhere with an internet connection. Near real-time audit trail aids in NFPA & OSHA compliance

Improved Safety - increased confidence that personnel are safe and secure using PPE that is appropriately maintained, cleaned, decontaminated, cared for and at the ready

Repair/Service - automated and individually initiated notifications alert service providers to needed and scheduled maintenance, testing or repairs; reducing the risk of failure and downtime of safety and personal protective equipment

Conforms with the most common global security requirements - the platform uses state-of-the-art access control and credentialing, user logging and encryption, and is hosted on secure cloud services

3M™ Safety and Inspection Manager, Emergency Services, Gold

3M Product Number SIM-ES Gold 3M ID 6100003150

Details

Inspect - flexibility to help you inspect anything in the firehouse such as SCBA, apparatus, turnout gear, and other equipment to ensure it is in proper working order and ready to go and help conform with NFPA 1851, NFPA 1852 and OSHA 1910.134

Simple & Scalable - web based software is prepopulated with your new 3M Scott equipment while mobile applications provide the ability to conduct workflow anywhere regardless of internet access

Assess & Plan - provides decision makers timely intelligence regarding the history, status and availability of resources and equipment with which they can plan budgetary needs

Availability - be confident in the knowledge that the equipment and resources you need are ready and waiting for deployment when called upon

Training - know the people entrusted with the task of employing the various types of safety and personal protective equipment are properly trained and fitted to execute their duties

Record keeping and traceability - on demand validation of inspections and training with insight into who, what, when, where and why the activities were completed supporting adherence to regulatory requirements

Enhanced Accountability - cloud based requiring minimal IT involvement.

Administer equipment or run reports anywhere with an internet connection. Near real-time audit trail aids in NFPA & OSHA compliance

Improved Safety - increased confidence that personnel are safe and secure using PPE that is appropriately maintained, cleaned, decontaminated, cared for and at the ready

3M™ Performance Particulate Respirator 8210

3M ID CBGNAW011086 UPC 00051111112205

Details

NIOSH-APPROVED N95 for at least 95 percent filtration efficiency against certain non-oil-based particles and aerosols
ADVANCED FILTER MEDIA for easy breathing
CUSHIONING NOSE FOAM rests on bridge of nose for comfort
ADJUSTABLE NOSECLIP helps ensure a custom, secure seal
STRETCHABLE STRAPS
LIGHTWEIGHT DESIGN for comfort
CONVENIENT, DISPOSABLE DESIGN
RECOMMENDED FOR use when sanding, sawing, grinding, lawn mowing, sweeping, drywall sanding, grinding, woodworking and working with fiberglass insulating particles
ALSO HELPS PROTECT AGAINST: certain particles such as mold, granular pesticides, allergens and dust
Contains no components made from natural rubber latex
Available in multiple package quantities
DIY/Home Use: Use ONLY in NON-HARMFUL environments.
Occupational/Hazardous Use: Use under a government regulated (e.g. OSHA) respiratory protection program. WARNING: Limitations apply; Misuse may result in sickness or death. See product packaging and insert or call 3M in USA at 1-800-243-4630. In Canada, call 1-800-267-4414

3M™ Folding Earmuff, 90563H1-DC, Black, 5 earmuff/case

3M ID 70006983202 UPC 00076308906443

Details

Noise Reduction Rating (NRR) of 25 dB*

Helps protect against harmful noises

Padded headband for comfort

Pivoting cups to help ensure a good fit

Folds up neatly for compact storage when not in use

Helps lower your risk of noise-induced hearing loss

Flexible, adjustable headband adjusts for multiple head sizes

Great for use in noisy workshops, factories, construction sites and during landscaping

Reusable hearing protection

*CAUTION: 3M strongly recommends fit testing of hearing protectors. Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in hearing protector fit, fitting skill and motivation of the user. If the NRR is used, 3M recommends that it be reduced by 50% or in accordance with applicable regulations

One size fits most

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

3M™ DBI-SALA® Flexiguard™ A-Frame Rail Adjustable Height Anchor System 8517781, 2 User, Yellow, 16 - 22.5 ft Height, 30 ft Width

Part Number 8517781 3M Product Number 8517781 3M ID 7100231969

Details

Multiple height and width configurations available
Aluminum and steel construction
Extruded aluminum rail requires minimal maintenance and includes two trolleys
System includes steel leveling jacks
Conforms to the requirements of OSHA 1926.502 and OSHA 1910.66
Suitable for numerous applications within the transportation, construction, utilities, and mining industries

3M™ Quick Release Locking Detent Pin 9503317, 5/16 in x 3.7 in

3M Product Number 9503317 3M ID 7100312867

Details

Rugged and corrosion resistant material construction for durability with compact and lightweight design

Use vertically in wall or horizontally in ceiling (both components)

High strength steel construction

Compatible with various fall arrest systems

Meets the requirements for 29 CFR OSHA 1910.140, and OSHA 1926.502

Recommended for use in the construction, general industrial, mining, oil and gas, and utilities industries

This safety equipment is designed for use with additional personal fall protection systems (PPE)

Detent pin for use with 2101000 concrete socket

Swiveling D-ring tie-off point

Typical properties

Brands

3M™

3M™ Integrated Protective Eyewear

Details

Connects directly to the ratchet and pinlock suspension systems of the 3M™ H-700 and 3M™ H-800 Series of hard hats

Lightweight design offers enhanced comfort with less bulk on the job

Anti-fog lens helps workers see clearly

Easy to maneuver and adjust for closeness and height

Available in amber, gray, and clear lenses

Suggested for use in multiple industries including automotive, transportation, construction, manufacturing, mining, facility sanitation, heavy infrastructure, oil and gas, pharmaceutical, and more

Meets the impact requirements of ANSI Z87.1

3M™ No-Touch™ Earplugs

Details

Paddle grips help with earplug insertion or removal

Inserting the ear tips with the paddle grips helps the ear tips stay clean, even when hands or gloves are dirty

Bell shaped foam ear tips are designed to fit a wide range of ear canal sizes and shapes

Compatible with the 3M™ E-A-Rfit™ Validation System

Noise reduction rating (NRR)*: 29 dB

Available with or without cords to suit user preference

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

3M™ Aura Healthcare Particulate Respirator 1800+ Series

Details

Unique three-panel design fits a wide range of face shapes/sizes* and accommodates facial movements while talking
Sculpted top panel helps conform to nose and eye contours, allowing more room for eyewear
Embossed top panel directs exhaled air away from the nose panel, helping reduce eyewear fogging
Individual packaging helps protect the respirator from contamination
Flat fold design offers convenient storage and portability
Innovative chin tab designed for ease of positioning, donning & adjustment
Soft nose foam and smooth inner materials feel comfortable against skin
Adjustable noseclip helps provide a custom and secure seal
3M proprietary filter media designed for easy breathing
FDA cleared for use as a surgical mask
NIOSH approved for at least 95 percent filtration efficiency against certain non-oil based particulates
Collapse resistant and compatible with a variety of eyewear
Patented. See 3M.com/patent

3M™ Speedglas™ Heavy-Duty Back Pack BPK-HD, 3 ea/Case

3M Product Number BPK-HD 3M ID 7100282441 UPC 04064035055950

Details

Back Pack Harness optimized for welding environment
Back Pack designed for holding 3M™ Adflo™ and 3M™ Versaflo™ PAPR's
Designed for comfort
Fits a wide variety of body sizes
Made for heavy duty industries
Flame retardant harness designed for Welding environment withstanding spatter and sparks
Ventilated design against back
Shoulder Harnesses adjustable position, length, width and a chest strap for extra tight fit well balanced on the back
Designed to be perceived as balanced when carried
Carry / Hang Handle when stored in a dry and clean area
Attachment Plate Dimensions: 390mm x 220mm

3M™ DBI-SALA® Z Maxi Clamp Fastener Kit For Roof Top Anchor 7241204, Fits Bulb Standing Seam, 4 ea/Pack

Part Number 7241204 3M Product Number 7241204 3M ID 7100280773

Details

Durable materials and hardware designed to help stand up to harsh working conditions
Compatible with various fall arrest systems, not compliant for use with Horizontal Lifelines
Suitable for use in general industrial and construction industries
Compact, lightweight design
Meets the requirements for 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502
Features corrosion-resistant, steel and aluminum construction for durability
This safety equipment is designed for use with additional personal protective equipment (PPE)

3M™ SecureFit™ Protective Eyewear 200 Series

Details

3M's innovative temple design features slotted ribs that provide comfortable pressure equalization, allowing the temples to flex and self-adjust to the size of the wearer's head
Curved temples apply pressure to the less sensitive back of the head, instead of the temples, achieving a comfortable fit even during rapid head movement
Some models feature proprietary 3M™ Anti-Fog Plus Coating which resists fog up to 11x longer than traditional anti-fog coatings*, and through up to 10 washings with water
Lightweight design
Molded nose bridge
Choose from models with 3M™ Anti-Fog Plus Coating or 3M™ Scotchgard™ Protector Anti-Fog Coating
Models with blue accents help make eyewear more visible in food preparation/processing areas
U6 rated polycarbonate lenses absorb 99.9% of UVA, UVB, and UVC rays between 200 nm and 380 nm
Meets the Impact-Rated Protector requirement of the ANSI/ISEA-2020 Z87.1 Standard

3M™ Versaflo™ TR-800 Series PAPR Systems

Details

The TR-800 is a PAPR blower with battery rated at Division I for Classes I, II, and III under the most current UL standard (UL 60079, 6th Edition, 2013); NIOSH-approved PAPR system.*

 *The 3M™ Versaflo™ Powered Air Purifying Respirator TR-800 Motor/Blower, with the 3M™ Battery Pack TR-830 attached, has been tested and classified for intrinsic safety in Hazardous Locations (Exia) by Underwriters Laboratory (UL) for the following: Exia Division 1: IS Class I, II, III; Division 1 (Includes Division 2), Groups C, D, E, F, G; T4; Ex ia I Ma; Class I, Zone 0, AEx ia IIB, T4; Class I, Zone 0, Ex ia IIB, T4; Zone 20, AEx ia IIIC, T135; Zone 20, Ex ia IIIC, T135; -20°C ≤ Ta ≤ 55° C

Battery includes a bumper to help absorb impact; mechanical attachment of the battery helps prevent removal during use

Audible and visual alarms alert users to low battery and low air flow

Loose-fitting headgear can help accommodate workers with limited facial hair and prescription eyewear

Compatible with particulate only filters or particulate and gas and vapor combination cartridges for protection in a variety of environments

3M™ Protecta® Sliding Beam Anchor

Details

Compatible with various fall protection systems

Compact, lightweight design

Ideal for use with personal fall arrest systems with self-retracting lifelines

Recommended for use in the construction, general industrial, mining, oil and gas, transportation, utilities, and wind energy industries

Portable and reusable

Corrosion-resistant construction for durability

This safety equipment is designed for use with additional personal protective equipment (PPE)

Models designed to fit a variety of beam sizes

Fully adjustable integrated dual ratcheting adjustment system slides to fit snugly against the beam

Replaceable wear pads eliminate metal-to-metal contact and extend the usability of the product

Guarded locking mechanism located on the bottom to reduce chance of accidental disengagement

7400203, 1 ea

Part Number 7400203 3M Product Number 7400203 3M ID 7100220294

Details

Durable materials stand up to harsh conditions
Portable design is durable, yet lightweight, for easy transport
Compatible with single-span and multi-span lifeline configurations
Equipped with RFID identification tag for convenient equipment tracking
Designed for use in Pour-in-Place Post Horizontal Lifeline Systems and fasten-in-place systems
This safety equipment is intended for use with additional personal protective equipment (PPE)
Meets OSHA requirements
Single-span systems hold up to 2 workers; multi-span systems hold up to 6 workers
Recommended for use in multiple industries including construction, facilities, general manufacturing, heavy infrastructure, and more

3M™ PELTOR™ COMTAC™ ACH Dual Comm Kit - SOCOM, Coyote Brown, 88901-00001 EA/Case

3M Product Number 88901-00000 3M ID 7010384664 UPC 00093045936144

Details

The PELTOR™ COMTAC™ is a trusted tactical communications and hearing protection headset that is field proven by law enforcement and militaries world wide

Helps provide protection from hazardous steady-state and impulse noise

Clear, intelligible two-way audio communications via radios and intercoms

Environmental listening (aka: "talk-through") for auditory situational awareness and face-to-face verbal conversation

Pre-assembled COMTAC kits include: Headset, adapter (PTT), bag, batteries, and gel ear cushions. Headband kits also include two oblong ZORBIUM® ACTION PADS (ZAP™) to accommodate headband headset integration within ground combat helmets

Meets the single hearing protection requirement listed in DA PAM 40-501 Army Hearing Conservation Program 2015 for both steady-state and impulse noise

Tested in accordance with MIL-STD-810F, Department of Defense Test Method Standard for Environmental Engineering Considerations and Laboratory Tests

Tested in accordance MIL STD 461E, Department of Defense Interface Standard, Requirements for the Control of Electromagnetic Interference

Characteristics of Subsystems and Equipment

Two AAA batteries provide approximately 500 hours of battery life

External communications and "talk-through" are battery independent for Rx/Tx fail safe. In the unlikely event of electronic failure or battery depletion, external communications will continue to function

Ambidextrous noise-canceling boom mic can be mounted on either left or right side by operator

Hearing Defender, Single COMM, and DUAL COMM configurations available

Multiple color options available

Suspension options: Headband, Back-band and Rail Attachment

3M™ Scott™ Industrial SCBA (ISCBA)

3M ID B5005047159

Details

Durable sturdy wire-formed backframe for heavy duty use or applications
Wireframe allows for durability and quick and easy cleaning
The E-Z Flo regulator is designed for gloved hands, enables easy breathing, and has a two step secure attachment to help ensure worker confidence
NIOSH approved for use with 3M Scott AV series facepieces that can also be used for APR, PAPR, supplied air, and SCBA applications
Available in 2216 or 4500 psi variants and 30, 45 or 60 minute durations
Optional extended duration airline for added respirator versatility
Choice of harness style:
Nylon for chemical resistance
Kevlar for high heat environment or where there is potential for sparking

3M™ DBI-SALA® Permanent Multi-Span Horizontal Lifeline System

Details

Off the shelf permanent multi-span horizontal system designed for user installation
Metal energy absorber limits fall arrest forces
Flexible system capacity
Various lengths and individual components are available
Equipped with RFID
3/8 in. (9.5 mm) 7x19 galvanized or stainless steel cable lifeline
Bypassable intermediate brackets - one per 30 ft. (9.1m) span included (additional available model 7608001)
Sleeve provides easy operation (order model 7608002 separately)
Pass-thru 100% tie-off protection
Customizable multi-span configurations

3M™ DBI-SALA® FlexiGuard™ C-Frame System, Adjustable Height

Details

Available in multiple adjustable size configurations
Outrigger support legs require some clearance under equipment being accessed
Aluminum and steel construction
Extruded aluminum rail minimizes maintenance and includes two trolleys
Conforms to OSHA 1926.502 and OSHA 1910.66 requirements
Suitable for numerous applications within the aviation, transportation, construction, and mining industries
One part of your fall protection system; intended for use with other personal protective equipment (PPE) including (but not limited to) harnesses and self retracting lifelines
System includes four 16 in foam-filled rubber wheels
System includes steel leveling jacks, with four 16 in. (40.6 cm) pneumatic wheels in the back and low profile 8 in. (20.3 cm) urethane caster wheels in the front
Accessories available to suit worksite needs including optional non-swiveling pneumatic wheels or tow bar kit

3M™ PELTOR™ Earmuffs X1P5E, Forestry Orange, 10 EA/Case

3M Product Number X1P5E 3M ID 7100097447 UPC 10078371671171

Details

Electrically insulated: Appropriate for a wide range of applications*
Forestry Orange Color: Aligns with industry standard coloring
High-performance arms: Balance durability and flexibility
Easy click in/ click out: Move cups on and off ears easily
Convenient storage: Store with cups clicked in or out
Compatibility with hard hats: Designed for use with a standard hard hat slot**
Fit can be confirmed: Verify with 3M™ E-A-Rfit™ Dual-Ear Validation System***
X1 Products are slim and lightweight: Comfortable for wearers, especially with other protective equipment

*These earmuff cups are made of non-conductive (sometimes referred to as “dielectric”) material while the metal components of the headbands and the helmet attachment mechanisms are covered in non-conductive material. This product was found to be electrically insulated, withstanding a voltage up to 1.2 kV, at an external laboratory against a modified test method based on EN 397:2012 under dry conditions. The user must determine the overall suitability of this product for the intended application taking into account any hazards other than noise for which this product is tested and approved. **This product was designed and tested with a 3M Hard Hat H700. For information on other hard hat models contact 3M. ***3M strongly recommends fit testing of hearing protectors. Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in earmuff fit, earmuff fitting skill and motivation of the user. If NRR is used, 3M recommends that it be reduced by 50% or in accordance with applicable regulations

3M™ Scotchlite™ Reflective Tape, 03459, 2 in x 36 in, 24 per case

Part Number 03459 3M ID 60455056972 UPC 00051131034594

Details

Tape may be used wherever low light or night-time light reflectivity is needed to increase visibility

Versatile tape works on a variety of SURFACES on automobiles, trailers, driveways, mailboxes, RVs, watercraft and bicycles

When you shine light this tape, the light reflects back toward the source of the light, immediately alerting people to objects up ahead

Pressure-sensitive adhesive adheres to clean, smooth surfaces such as metal, glass, smooth wood or painted surfaces

WEATHERABLE Adhesive bonds well in exterior applications

Use tape to alert drivers about stationary objects such as fences, posts, walls, rails, mailboxes and poles

Reflective tape is also good to apply to clothing, bikes and helmets used in low light conditions

Conformability allows for use on most contoured and curved surfaces

Visibility/identification tape for enhanced nighttime reflective brightness

Apply and obtain adhesion at any temperature above 50°F/10°C

Typical properties

3M Product Number MT74H52B-110 3M ID 7100203636 UPC 04054596695603

Details

Protective communication solution for hands-free, clear communication in noisy environments
FLX2 connection jack for easy and reliable connection to a wide assortment of handheld devices
Lasting comfort for long duration wear times
Designed to withstand harsh environmental elements
Water and dust-proof noise-cancelling microphone (IP68) for clear speech transmission in noisy and harsh environments
Audio speakers are optimized for speech frequencies and meet the efficiency demands of many of today's digital devices
Bright yellow color for enhanced visibility

3M™ Speedglas™ FA III SAR with V-100 Valve and 9100-Air Welding Helmet 25-5702-30iSW, ADF 9100XXi, 1 EA/Case

3M Product Number 25-5702-30iSW 3M ID 7010342473 UPC 00051141564777

Details

3M™ Speedglas™ Welding Helmet 9100-Air with customizable head suspension
Belt-mounted V-100 air-cooling valve lowers headgear temperature by up to 50°F (28°C)

APF of 25 helps reduce exposure to particles and vapors

Speedglas™ XXi auto-darkening filters (ADF) provide great contrast and natural-looking colors

Side windows allow for better peripheral vision

Requires grade D, breathable air source

Applications include assembly, facility maintenance, grinding, machine operations, sanding, and welding

Meets requirements of ANSI Z87.1-2010 and NIOSH

3M™ Protecta® Dual-Ring Cable Tie-Off Adaptor

Details

Portable and reusable
Meets the requirements for ANSI/ASSP Z359.18, 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502
Recommended for use in multiple industries including construction, mining, and oil and gas
Compact and lightweight design
High strength steel O-ring hardware
Variable length cable tie-off adaptor
Durable 1/4 in. (6.3 mm) 7x19 galvanized steel cable
Unique dual-ring design is easily repositioned
Two high strength steel D-rings at one end
Self locking and closing steel carabiner at one end
Replaces incompatible "basket" type configurations

3M™ PELTOR™ Tactical Earplug TEP-300 GE, Grey

3M Product Number TEP-300 GE 3M ID 7100227633 UPC 00638060429860

Details

Wireless - Utilizing near field magnetic induction, 3M™ PELTOR™ Tactical Earplugs, TEP-300 can be wirelessly connected to the 3M™ PELTOR™ System Control Unit, SCU-300 (not included)

Compact Hearing Protection - Comes with multiple sizes and types of replaceable eartips, designed to help provide hearing protection

Situational Awareness - 3M™ PELTOR™ Tactical Earplugs, features environmental listening function – a capability designed to help provide auditory situational awareness, while still helping provide protection from hazardous noise

In Ear Speech Microphone - The TEP-300 features in-ear, acoustical, speech communications microphones which pick up sound waves from your voice as you speak

Portable Charging Case - Up to 16 recharging cycles with AA or AAA batteries

Micro USB-C Charging Port - USB port enables the charging of the earplugs when plugged into a computer or wall socket (cable not included)

3M strongly recommends individual fit testing of hearing protectors. If the NRR is used to estimate typical workplace protection, 3M recommends that the noise reduction value be reduced by 50% or in accordance with applicable regulations

3M™ PELTOR™ Tactical Earplug TEP-100, 1 Kit EA/Case

Part Number 66525 3M Product Number TEP-100 3M ID 7100066023

Details

Rechargeable electronic earplugs help reduce loud noise while amplifying low-level sounds

Intuitive one-button operation turns unit on and off and selects high or normal volume setting

Lithium-Ion battery provides up to 16 hours of continuous operation between charges

Portable charging case powered by 3 AA alkaline batteries or USB (Micro B) port

Choice of replaceable communications eartips designed to fit most ear canal sizes: UltraFit™ Communication Tip (23dB), Triple C Communication Tip (27dB), and Skull Screw Communication Tip (30dB)

Tactical earplugs and portable charging station (with cover and USB ports closed) are IP67 compliant and water resistant (immersion of up to 1 meter for 30 minutes)

Innovative microphone port design helps protect eartips against water ingress

Portable charging station helps protect earplugs in wet and austere environments

Compatible with most headborne Personal Protective Equipment such as helmets, hardhats, eyewear and faceshields

Optional earplug cord can be attached to earplug for additional security

3M™ E-A-R™ TaperFit™ 2 Earplugs

Details

Tapered shape is designed to help fit the ear canal

Features a Noise reduction rating (NRR)*: 32 dB for large size or in combination with regular size; 28 dB for regular size alone

Soft foam helps conform to the shape of the ear canal for a comfortable, snug fit

Corded and uncorded options available

Available in regular and large sizes

Compatible with the 3M™ E-A-Rfit™ Validation System

CSA Class AL

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

3M™ DBI-SALA® Confined Space Lower Mast Extension for Upper Offset Davit Mast

Details

Lower davit mast extension

Fits 3M™ DBI-SALA® Offset Davit Masts

Depending on davit base, can be combined with one or two lower mast extensions to increase overall height

Durable construction

Recommended for use in many industries

Available in lengths of 21 in. (53.3 cm), 33 in. (83.8 cm), 45 in. (114.3 cm), and 57 in. (144.8 cm)

3M™ Flat Temple Safety Eyewear, Black/Red, Gray Lens

3M ID 70006983046 UPC 00051141975887

Details

Durable, one-piece lens helps provide limited protection from light to moderate impact hazards

Lightweight, durable design for comfort and lasting wear

Sleek temples create a comfortable fit when worn with ear protection

When worn with hearing protection, flat temple design limits risk of reduced effectiveness

Flexible nose and ear pieces provide comfort

Scratch-resistant coating helps keep vision clear

Impact-resistant lens blocks 99.9% of UV rays

Great for use indoors and outdoors

Meets the requirements of ANSI Z87.1, CSA Z94.3 and AS/NZS 1337

Gray lens helps reduce sunlight and is popular for outdoor use

3M™ Protecta® Self-Retracting Lifeline

Details

- Swiveling anchorage connector loop and carabiner
- Aluminum or thermoplastic housing design
- Self-locking snap hook on lifeline
- Compact, lightweight design
- Cable lengths of 20 ft (6 m) or greater feature stackable housing design
- Quick activating speed-sensing locking system
- Features impact-indicating external energy absorber (for models with external shock pack)
- Corrosion resistant components
- Available in multiple configurations, lifeline lengths, and material types
- Emergency retrieval system available on some models
- Reliable fall arrest energy dissipation system

3M™ DBI-SALA® Drop-Thru Anchor

Details

Available in 2, 6, 8.5, and 10 ft. lengths
Installs into 1-1/2 in. to 1-3/4 in. dia. hole (38.1 to 44.5 mm) In Concrete, minimum thickness of 4 in. (101.6 mm)
Use on overhead concrete or steel applications
Fall arrest- and restraint-rated for one worker for jobsite versatility
Features high-strength stainless steel construction
Partially shielded cable for added protection
Compatible with various fall arrest systems
Compact, lightweight design
Meets the requirements for OSHA 1910.140 and OSHA 1926.502
Recommended for use in multiple industries including general industrial, mining, and oil and gas

3M™ DBI-SALA® Rollgliss™ Rope Over Wire Automatic Descent

3M ID B00033554

Details

Descent control emergency device with body sling, anchoring carabiner, cable spool, and carrying bag

Fully automatic controlled descent from a wide range of elevated work areas

Bi-directional design saves time during rescue operations

Galvanized-steel wire core polyester rope lifeline available in lengths of 50 ft. (15.2 m) to 400 ft. (121.9 m)

Pre-rigged system requires no tools or special training

Compact, lightweight design built with corrosion-resistant materials

Recommended for use in construction, oil and gas, mining, transportation, utilities, wind energy, and general industrial applications

Other lengths available up to 1,000 ft. (305 m) height

3M™ Hard Hat 70 Lumen Task Light, HL100, 10 EA/Case

3M™ DBI-SALA® FlexiGuard™ M100 Permanent Mount Base

Details

- Powder coated steel upright and gusset components
- Extended rail-length increases safe working area compared to our previous jib systems
- Extended anchor height enhances capabilities in various applications compared to our previous jib systems
- Automatic mast lock helps prevent uncontrolled mast movement
- Aluminum extruded trolley rail with stainless steel / nylon trolley construction
- Rotating mast up to 360 degrees with Flip up rotation handle
- Permanent and portable mounted designs available
- Power assisted height adjustment capability for adjustable models
- Leveling jacks standard on the M100 with integrated fork pockets for transporting and positioning using industrial forklifts
- 3M™ Safety-Walk™ Slip Resistant walking surface (counterweight Bases)
- Additional system mobility with optional caster wheel kit

3M™ DBI-SALA® Lad-Saf™ Cable Vertical Safety System Label & Instructions

3M ID B5005039019

Details

- Ideal for use on various structure and ladder types
- Re-engineered to simplify and speed up the installation process
- Fewer parts up to 72% less than previous models
- Pre-Swaged cable design in various lengths and types
- 100% tie-off capability with integrated fall arrest-rated anchor point on top bracket
- Mounting brackets designed to fit multiple rung profiles, sizes, styles and spacing
- Top and bottom brackets sold together as a system for ordering convenience
- Equipped with 3M™ Connected Safety ID (CSID)

3M™ E-A-R™ Pistonz™ Earplugs P1400, Uncorded, 400 Pair/Case

Part Number 93401 3M Product Number 01400 3M ID 7000127672

Details

No roll-down, easy-insertion design keeps tip clean even if hands are dirty
Push-to-fit stem flexes sideways if impacted during wear

3M™ Scott™ Ska-Pak AT Supplied-Air Respirator

3M ID B5005047152

Details

Combination Type C positive pressure respirator with escape cylinder for entry into and escape from hazardous, confined space, or immediately dangerous to life or health (IDLH) situations

Automatic, hands-free transfer from external air source to cylinder in the event of primary air source interruption

Personal, tactile and audible Vibralert alarm to alert users of transfer to cylinder air

Available with either a padded Kevlar® harness, a padded nylon harness or integrated full-body harness for fall protection

Available in 2216, 3000 and 4500 psi and 3, 5, 10 or 15 minute egress cylinder with “onboard” cylinder low-pressure indicator for added safety and awareness

The E-Z Flo Regulator with Vibralert is designed for easy use with gloved hands, enables easy breathing, and has a two-step secure attachment and removal to help ensure worker confidence

NIOSH-approved for use with 3M Scott AV series facepieces that can also be used for APR, PAPR, supplied air, and SCBA applications

Padded Nylon that is designed to be comfortable and lightweight

Padded fire-resistant Kevlar® for high heat environments or when there is potential for sparking

Integrated full-body harness combines 3M’s Fall Protection technology with the 3M™ Scott™ Ska-Pak Supplied-Air Respirator. This integrated solution is a NIOSH-approved respirator and suitable for confined spaces and working at height applications, providing workers with fall and respiratory protection in hazardous conditions

3M™ Scott™ Air-Pak™ X3 Pro SCBA

3M ID B5005047169

Details

Compliant to NFPA 1981, Standard on Open-Circuit Self-Contained Breathing Apparatus (SCBA) for Emergency Services, 2018 Edition

Compliant to NFPA 1982, Standard on Personal Alert Safety Systems (PASS), 2018 Edition

New harness materials offer greater resistance to chemical exposure and less water absorption to help minimize contamination

Easy-to-remove harness allows for cleaning to help with exposure reduction

New shoulder harness design improves the ease of donning and minimizes pressure points to help reduce user fatigue

Natural articulation (i.e. waist pad) promotes greater range of motion to the user, while transferring weight to the hips for a more balanced load

Proven regulator design offers low breathing resistance to help reduce user burden and improve operational efficiencies

Redundant safety features afford firefighters peace of mind knowing that the SCBA will perform in the toughest environments

3M™ Scotchlite™ Reflective Material delivers enhanced visibility of the SCBA when operating in low-light conditions, improving safety and accountability on the fireground

Bluetooth® enabled electronics support wireless connectivity between devices for improved configurability, data transmission/retrieval, firefighter safety and fireground accountability

Electronic personnel accountability report (ePAR) provides wireless, bi-directional communication between the firefighter and incident command (using Monitor Pro telemetry software) to help improve fireground accountability and communications

System Integrity Alarm provides visual and audible alerts to notify SCBA wearer and incident command (using Monitor Pro telemetry software) of impending electronics degradation due to elevated temperature

Integrated RFID tags provide local storage of SCBA information that can be wirelessly interrogated for asset tracking

Proudly “Made in the USA” with attention to quality and workmanship

High-Flow Alarm provides visual and audible alerts (using Monitor telemetry software) to notify incident command of a high-flow condition from a firefighter’s SCBA during a full-alarm PASS activation (i.e. heavy breathing, free flow, etc.)

3M™ Protective Coverall 4520

Details

Two-way zipper with sealable storm flap helps provide additional protection against contaminants

Anti-static treatment can help reduce static build-up

Does not contain natural rubber latex components

Seamless shoulders and sleeve tops offer extra strength and protection

Extra-roomy design in arms and legs deliver enhanced mobility

Recommended for use in multiple industries including general manufacturing, mining, construction, transportation and more

Available in collared and hooded profiles

Available in a wide range of sizes

20 or 25 units are included in each case

Typical properties

Additional Protection Features

Antistatic Protection, Radioactive Particulate Protection

Closure Method

Two-way Zipper

Coverall Style

Collared, Hooded

Features

3 Panel Hood, Anti-static, Collar (No Hood), Elastic Waist, Elastic Waist & Ankle, Knitt

3M™ PELTOR™ ComTac™ VII Headset

Details

Wireless connection to the 3M™ PELTOR™ system control unit, SCU-300 (not included). Go cord free, with 3M's NFMI enabled wireless – reduced cable management, and snag-free operations

Natural Interaction Behavior (NIB): short-range, headset-to-headset communication without the use of an external communications

Mission Audio Profiles (MAP): advanced ambient listening modes that allow access to a variety of gain settings, but with frequency shaping, to help enhance situational awareness

New Headband Design. A complete redesign helps improve comfort when worn under a ballistic helmet

Transition made simpler. Simplified cable removal and resetting and redesigned arm guides that snap on/off (no tools required) for easy transition between Accessory Rail Connectors (ARC) and headband

Speech Microphone. Redesigned and embedded with patented 3M closed cell foam, delivers improved noise cancelling transmission in high noise and wind while also improving dust and water ingress protection (IP68, 6m / 30 min)

Optional Wired Cable Connection. A port for an optional wired connection to the 3M™ PELTOR™ System Control Unit (SCU-300) , as primary or back-up connection

New Battery Compartment. Redesigned, watertight battery compartment that does not require a tool to change batteries

New Microphone Attachment. Designed to help accommodate both left handed and right handed shooters without the need to relocate the microphone to opposite side of the headset

New Environmental Mic Design. The new profile of the ear cup widens and deepens the location of the upgraded microphones with a robust wind screen

3M™ Vented Pro Ratchet Hard Hat

3M ID CBGNAW011084 UPC 10078371625709

Details

Ratchet adjustment for custom, on-head sizing
Three levels of height adjustment promote optimal comfort
Ventilation ports enhance airflow
Suspension system sits lower on your head to reduce pressure points
Low-profile design enhances stability for balanced comfort
Short brim is great for upward visibility
Breathable foam brow pad enhances comfort
Compliant with ANSI/ISEA requirements when worn in forward and back-facing positions
Meets the requirements of ANSI/ISEA Z89.1 Type 1, Class C
Meets the requirements of CSA Z94.1 Type 1, Class C
Clean your hard hat with mild soap and water

3M™ Particulate Respirator 8200

3M ID CBGNAW011148 UPC 00051141904832

Details

NIOSH-APPROVED N95 for at least 95 percent filtration efficiency against certain non-oil-based particles and aerosols
ADVANCED FILTER MEDIA for easy breathing
CUSHIONING NOSE FOAM rests on bridge of nose for comfort
ADJUSTABLE NOSECLIP helps ensure a custom, secure seal
STRETCHABLE STRAPS
LIGHTWEIGHT DESIGN for comfort
CONVENIENT, DISPOSABLE DESIGN
RECOMMENDED FOR use when sanding, sawing, grinding, lawn mowing, sweeping, drywall sanding, grinding, woodworking and working with fiberglass insulating particles
ALSO HELPS PROTECT AGAINST: certain particles such as mold, granular pesticides, allergens and dust
Contains no components made from natural rubber latex
Available in multiple package quantities
DIY/Home Use: Use ONLY in NON-HARMFUL environments.
Occupational/Hazardous Use: Use under a government regulated (e.g. OSHA) respiratory protection program. WARNING: Limitations apply; Misuse may result in sickness or death. See product packaging and insert or call 3M in USA at 1-800-243-4630. In Canada, call 1-800-267-4414

3M™ DBI-SALA® FlexiGuard™ M100 Semi-Fixed Height Mast

Details

- Powder coated steel upright and gusset components
- Extended rail-length increases safe working area compared to our previous jib systems
- Extended anchor height enhances capabilities in various applications compared to our previous jib systems
- Automatic mast lock helps prevent uncontrolled mast movement
- Aluminum extruded trolley rail with stainless steel / nylon trolley construction
- Rotating mast up to 360 degrees with Flip up rotation handle
- Permanent and portable mounted designs available
- Power assisted height adjustment capability for adjustable models
- Leveling jacks standard on the M100 with integrated fork pockets for transporting and positioning using industrial forklifts
- 3M™ Safety-Walk™ Slip Resistant walking surface (counterweight Bases)

3M™ Worktunes™ AM/FM Hearing Protector, 90541H1-DC-PS, 4 eaches/case

3M ID 70006983178 UPC 00078371905415

Details

Noise Reduction Rating (NRR) of 24 dB*

Great AM/FM radio performance and bass boost option for enhanced listening experience

Audio Assist Technology provides operational and set-up guidance—without having to take off the headset

Audio Assist Technology helps you program up to 50 AM/FM radio stations and lets you know when your battery is running low

Auto-scanning helps you quickly find and save your favorite stations

Plug into your smartphone or other mobile device to enjoy entertainment of your choice

Easy-to-use controls can be operated even while wearing work gloves

Rugged design is great for everyday use

Makes an excellent gift for the yard or woodworking enthusiast

Automatic shut-off helps extend the life of your batteries

Requires 2 AA batteries (not included)

*CAUTION: 3M strongly recommends fit testing of hearing protectors. Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in hearing protector fit, fitting skill and motivation of the user. If the NRR is used, 3M recommends that it be reduced by 50% or in accordance with applicable regulations

3M™ SecureFit™ 600 Series Safety Glasses

Details

3M's innovative temple design features slotted ribs that provide comfortable pressure equalization, allowing the temples to flex and self-adjust to the size of the wearer's head

Curved temples apply pressure to the less sensitive back of the head, instead of the temples, achieving a comfortable fit even during rapid head movement

Sturdy, yet stylish dual lens frame

Available in multiple lens color options, including photochromic and polarized lenses

Choose from models with anti-scratch, anti-fog/anti-scratch or optional 3M™ Scotchgard™ Protector Anti-Fog Coating

U6 rated polycarbonate lenses absorb 99.9% of UVA, UVB, and UVC rays between 200 nm and 380 nm

Meets the Impact-Rated Protector requirement of the ANSI-ISEA Z87.1 Standard

Typical properties

3M™ E-A-R™ Classic Regular Earplugs

Details

Proprietary soft, slow-recovery foam is comfortable and helps with earplug fitting

Moisture-resistant foam

Compatible with the 3M™ E-A-Rfit™ Validation System

Dispenser packaging option available for uncorded earplugs

Features a Noise Reduction Rating (NRR)* of 29 dB

CSA Class AL

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

Pillow pack option for storage of earplugs between uses

3M™ PELTOR™ WorkTunes™ Pro AM/FM Radio Headset, Black, Headband

3M Product Number HRXS221A-NA 3M ID 7100089367 UPC 00078371670863

Details

Professional-Quality Hearing Protection (26dB NRR)

AM/FM Radio headset with built in antenna to prevent snagging on equipment

Store up to 5 stations so you don't miss your favorite station

3.5 mm listen only stereo input (limited to 82 dB) for connection to external devices (e.g. cell phone, two-way radio, Ipod)

Auto power off, the headset will turn off after 4 hrs of non-use to save battery

Audible Low-battery warning so you know when to change your batteries

To reduce the corrosion caused by sweat, the electronics are located in separate compartment of the cup

Available in both headband and hard hat attached versions (black)

3M™ E-A-Rsoft™ FX Earplugs

Details

Features a bell shape made of soft, slow-recovery foam for a comfortable fit

Flared end helps with an easier removal

Compatible with the 3M™ E-A-Rfit™ Validation System

3M's maximum noise reduction rating (NRR)*: 33 dB

Dispenser packaging option available for uncorded earplugs

CSA Class AL

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

3M™ DBI-SALA® Confined Space Tripod

Details

Telescoping adjustable locking legs

Mechanical devices can support up to three winches or Self-Retracting Lines (SRLs) for complete flexibility

Quick-connect bracket allows fast and easy attachment of mechanical devices

Safety chain provides added support and strength for demanding confined space applications

Top mounted pulley system mount up to three pulleys to route mechanical device lifelines for smooth operation

5,000 lb (22 kN) anchor point for secondary fall arrest system

Lightweight yet durable aluminum construction for ease-of-use and longevity

3M™ DBI-SALA® Cable Horizontal Lifeline System

Details

Galvanized cable lifeline is available in multiple lengths to suit your needs
Metal Energy Absorbers help limit lifeline tension forces to protect the structure and minimize required fall clearance
Built-in, turnbuckle tensioner helps your worker tension the system to the required levels
All-metal design can be left in place for extended periods of time based on the work environment
This horizontal lifeline system is intended for use with a fall protection harness and lanyard or SRL
Accommodates two 310 lbs (140.6 kg) workers per span, up to 6 workers per system with multiple spans. Additional Metal Energy Absorbers may be required
Equipped with RFID
Wedge Grip termination device provides quicker setup and modifications to system length changes

3M™ Speedglas™ Welding Helmet SL, Welding Safety 05-0013-00 1 EA/Case

3M Product Number 05-0013-00 3M ID 7010384820 UPC 00051141562568

Details

Lightweight face and eye protection for a range of welding applications
Narrow helmet design
Welders working in areas with overhead hazards can now benefit from the safety helmet adapter for 3M™ Speedglas™ Welding Helmet SL
Weighs a total of just 375g – including the Auto-Darkening Lens
Five adjustable dark shades 8-12 and a light shade of 3
Adjustable headband with smooth ratchet
Grab and Go: A motion sensor automatically turns ON the welding lens when you pick up the helmet
Appropriate for most arc welding processes, such as MMA, MIG/MAG, TIG and plasma welding. Not suitable for grinding

3M™ DBI-SALA® Cable Tie-Off Adaptor

Details

Portable and reusable
Meets the requirements for ANSI/ASSP Z359.18, 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502
Recommended for use in multiple industries including construction, mining, and oil and gas
Compact and lightweight design
High strength steel O-ring hardware
Variable length pass-thru type tie off adaptor
Durable 3/8 in. (9.5 mm) 7x19 stainless steel cable construction

3M™ DBI-SALA® Fixed Beam Anchor 2108407, 1 EA

Part Number 2108407 3M Product Number 2108407 3M ID 7100207456

Details

Compatible with various fall protection systems
Compact, lightweight design
Ideal for use with personal fall arrest systems with self-retracting lifelines
Recommended for use in the construction, general industrial, mining, oil and gas, transportation, utilities, and wind energy industries
Portable and reusable
Corrosion-resistant construction for durability
This safety equipment is designed for use with additional personal protective equipment (PPE)
Fixed beam anchor fits variable width I-beams
Attach in any orientation or direction with detent style attachment with built-in tightening handle
High strength steel and aluminum construction with Swiveling D-ring tie-off point
ANSI / ASSP Z359.18 and meets the requirements of 29 CFR OSHA 1910.140, OSHA 1926

3M™ SecureFit™ 400 Series Safety Glasses

Details

3M's innovative temple design features slotted ribs that provide comfortable pressure equalization, allowing the temples to flex and self-adjust to the size of the wearer's head

Curved temples apply pressure to the less sensitive back of the head, instead of the temples, achieving a comfortable fit even during rapid head movement

Motion-inspired, contoured piping in bold, modern colors

Choose from models with anti-scratch, anti-fog/anti-scratch or optional 3M™ Scotchgard™ Protector Anti-Fog Coating

U6 rated polycarbonate lenses absorb 99.9% of UVA, UVB, and UVC rays between 200 nm and 380 nm

Meets the Impact-Rated Protector requirement of the ANSI-ISEA Z87.1 Standard

3M™ PELTOR™ X3 Earmuffs X3B, Behind-the-Head, 10 EA/Case

3M Product Number X3B 3M ID 7100123158 UPC 10078371671256

Details

Design of neckband allows earmuffs to be worn with a variety of face shields and headgear

Compatible with headgear without accessory slots

Soft, adjustable head strap helps to maintain a secure fit with many different types of headgear

Fit can be confirmed: Verify with 3M™ E-A-Rfit™ Dual-Ear Validation System***

X3 products have medium attenuation: Perfect for the mid-level noise environments

3M™ Scott™ Ska-Pak Supplied-Air Respirator

3M ID B5005047150

Details

Combination Type C positive pressure respirator with escape cylinder for entry into or escape from hazardous, confined space, or immediately dangerous to life or health (IDLH) situations

Fire resistant Kevlar or polypropylene harness

The E-Z Flo regulator is designed for gloved hands, enables easy breathing, and has a two-step secure attachment to help ensure worker confidence

Available in 2216 and 4500 psi and 5 or 15 minute rated-cylinder egress options for versatility based on job at hand

The cylinder is hip-mounted with a durable, secure cylinder band retention system

NIOSH approved for use with 3M Scott AV series facepieces that can also be used for APR, PAPR, supplied air, and SCBA applications

Kevlar - ideal in high heat environments or when there is potential for sparking

3M Product Number HF-800-02 3M ID 7100181933 UPC 04054596621992

Details

Replacement part for 3M™ Secure Click™ Half Facepiece Reusable Respirator HF-800 Series

Used as both the inhalation and exhalation valves

Each HF-800 Series facepiece contains two HF-800-02 replacement valves

Exhalation valve directs exhaled breath and moisture downward

Inhalation valve allows filtered air to pass into the respirator

Replacement valves can extend the service life of HF-800 Series facepieces and potentially result in cost savings

For workplace/occupational use only

Package contents: 1 case contains 10 each replacement valves

Tough look of threaded metal

Ultra soft foam tips feel comfortable for extended wear

Noise reduction rating (NRR)*: 32 dB

Unique shape and color appeals to some users to help with compliance

Available with or without cords to suit user preference

CSA Class AL

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

3M™ 2097 Performance P100 Particulate + Odor Filters for the 3M™ Mold and Lead Paint Removal Respirator

3M ID 70006994852 UPC 00051141928579

Details

INTENDED FOR THE PROFESSIONAL removal of mold, lead-based paints, woodworking and working with fiberglass insulation

APPROVED FOR USE WITH 3M™ 6000, 6500 AND 7500 SERIES FACEPIECES

CARBON LAYER helps reduce the odor of nuisance organic vapors such as certain solvents, degreasers, and resins* (*3M recommended for relief against nuisance level organic vapors. Nuisance levels are less than OSHA PEL or applicable government occupational exposure limits, whichever is lower.)

EASY-TO-ATTACH DESIGN

Facepiece is not included

Color: magenta

Use this product in accordance with all applicable respiratory protection requirements including OSHA Lead Standard and US-EPA Guidelines for mold

WARNING: Workplace/Occupational Applications: This respirator helps protect against certain airborne contaminants. Misuse may result in sickness or death.

For correct use, consult supervisor and User Instructions, or call 3M in USA at 1-800-243-4630. In Canada, call 1-800-267-4414

3M™ Aura™ Particulate Respirators 9200+ Series

Details

Unique three-panel design fits a wide range of face shapes/sizes and accommodates facial movements while talking
Sculpted top panel helps conform to nose and eye contours, allowing more room for eyewear
Embossed top panel directs exhaled air away from the nose panel, helping reduce eyewear fogging
Individual packaging helps protect the respirator from contamination
Flat fold design offers convenient storage and portability
Innovative chin tab designed for ease of positioning, donning & adjustment
Soft nose foam and smooth inner materials feel comfortable against skin
Adjustable noseclip helps provide a custom and secure seal
3M proprietary filter media designed for easy breathing
Available with braided headbands to help keep respirator securely in place and minimize pulling of hair
Some models available with 3M(TM) Cool Flow(TM) Comfort Valve to help release warm, moist exhaled breath from inside the respirator
NIOSH approved for at least 95 percent filtration efficiency against certain non-oil based particulates
Collapse resistant and compatible with a variety of eyewear
Patented. See 3M.com/patent

Part Number 2200108 3M Product Number 2200108 3M ID 7100226831

Details

- Compact and lightweight aluminum design is easy to transport, install, and use
- Provides a secure tie-off point on smooth, non-porous surfaces using vacuum technology
- Approved for horizontal lifeline use
- Heavy-duty storage and transport case
- Compatible with external air power sources for added versatility
- Self-contained design includes on-board air bottle. Compatible with external air power options
- Comprehensive backup system features an audio alarm and vacuum-level indicator
- Built-in check valves provide safety during accidental air loss
- Aviation-rated, intrinsically safe electronics
- Meets the requirements for 29 CFR OSHA 1910.140, OSHA 1926.502

Knit cuffs provide a soft wrist closure for increased comfort

Taped seams across the suit offer additional strength and protection

Recommended for use in multiple industries including agriculture, biological and biohazard, cleaning and maintenance, industrial and pharmaceutical manufacturing, painting, and more

20 units included in each case

Typical properties

Closure Method

Two-way Zipper

Features

3 Panel Hood, Anti-static, Biological Protection, Infective Agent, Elastic Waist & Ankle, Knitted Cuff, Radioactive Particulate Protection, Taped Seams

Hazard Type

Dust, Light Liquid splash, Liquid Spray, Partic

3M™ Speedglas™ G5-03 Pro Welding Helmets

Details

Robust, compact design
Ergonomic, adjustable head suspension
GRIND and CUT mode functionality, when using G5 auto darkening filters
Available in two different Auto-Darkening Lens options (VC/TW)
Suitable for most types of arc welding

Typical properties

3M™ DBI-SALA® I-Beam Trolley Anchor 2103147, Stainless Steel, Fits 3 - 8 in Wide, 11/16 in Thick

Part Number 2103147 3M Product Number 2103147 3M ID 7100260111

Details

Compatible with various fall protection systems

Compact, lightweight design

Ideal for use with personal fall arrest systems with self-retracting lifelines

Recommended for use in the construction, general industrial, mining, oil and gas, transportation, utilities, and wind energy industries

Portable and reusable

Corrosion-resistant construction for durability

This safety equipment is designed for use with additional personal protective equipment (PPE)

Installs onto 3 in. to 8 in. (7.6 - 20.3 cm.) wide and up to 11/16 in. (1.7 cm.) thick I-beam flange and attaches anywhere on a horizontal beam with complete horizontal mobility and a hands-free design

Fixed rotating D-ring mounts in the center for better weight distribution

Rotating D-ring tie-off point is fixed in center

3M™ DBI-SALA® Permanent Roof Top Anchor For Single Ply Bitumen Membrane/Built-Up 2100142, with Weather Proof Shroud

Part Number 2100142 3M Product Number 2100142 3M ID 7100314285

Details

Durable materials and hardware designed to help stand up to harsh working conditions
Compatible with various fall arrest systems, not compliant for use with Horizontal Lifelines
Suitable for use in general industrial and construction industries
Compact, lightweight design
Meets the requirements for 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502
Features corrosion-resistant, steel and aluminum construction for durability
This safety equipment is designed for use with additional personal protective equipment (PPE)
Installs to single ply bitumen membrane and built-up type roofs. Complete with shroud for bitumen offering maximum weather proofing
Multi-person use with horizontal lifeline system. Load distributing design protects roof and user
Can be used with multiple fastener options
Fastens through membrane, insulation and into metal, wood or concrete with aesthetic design to compliment the roof

3M™ Scott™ EPIC 3 RI Voice Communication System

3M ID B5005046023

Details

Operates with a broad range of field radios to provide clear communication when and where you need it

Works with compatible 3M Scott SCBA and other respiratory equipment

User friendly set-up and operation helps to minimize training

Durable, high-heat rated construction to withstand the rigors of the fireground

Same operational and performance benefits of the EPIC 3 Voice Amplifier

NFPA- and NIOSH-compliant as an accessory to compatible Air-Pak SCBA models

Compatible with Scott SCBA and facepieces for increased long-term value

Add enhanced communications to new and legacy Scott Safety SCBA and PPE, providing additional safety benefits and value

Easy-to-use utilities make programming virtually effortless

All EPIC 3 Voice Amplifiers and Lapel Speaker Microphones can be easily software configured to meet specific customer use case and radio interoperability requirements if required. Device firmware and features can be upgraded while in the field, extending device utility while reducing device administration costs

Durable high-heat rated construction withstands the rigors of firefighting

All EPIC 3 Voice Amplifiers and Lapel Speaker Microphone housings and cables are purpose built to withstand the demands and high temperatures (up to 500° F) associated with interior firefighting, ensuring years of reliable operation and low maintenance costs

Product Type

Respiratory Communication System

3M™ Scott™ Ska-Pak Plus Supplied-Air Respirator

3M ID B5005047151

Details

Combination Type C positive pressure respirator with escape cylinder for entry into or escape from hazardous, confined space, or immediately dangerous to life or health (IDLH) situations

Available with either a padded Kevlar® harness, a padded nylon harness or integrated full-body harness for fall protection

E-Z Klip cylinder retention system for quick and easy cylinder changes

Available in 2216, 3000 and 4500 psi and 5, 10 or 15 minute rated-cylinder egress options for versatility based on job at hand

The E-Z Flo regulator is designed for easy use with gloved hands, enables easy breathing, and has a two-step secure attachment and removal to help ensure worker confidence

NIOSH approved for use with 3M Scott AV series facepieces that can also be used for APR, PAPR, supplied air, and SCBA applications

Padded Nylon that is designed to be comfortable and lightweight

Padded fire-resistant Kevlar® for high heat environments or when there is potential for sparking

Integrated full-body harness combines 3M's Fall Protection technology with the 3M™ Scott™ Ska-Pak Supplied-Air Respirator. This integrated solution is a NIOSH-approved respirator and suitable for confined spaces and working at height applications, providing workers with fall and respiratory protection in hazardous conditions

3M ID B5005047168

Details

- Small, lightweight, and compact
- Available in 4.5 or 5.5 cylinder pressures
- Available in two bag sizes: small and medium
- Compatible with 15-min and 30-min cylinders
- Compatible with Air-Pak SCBA equipped with Universal EBSS
- Hi-Viz orange with 3M™ Scotchlite™ Reflective Material
- Tactile feel pull handles for easy identification
- External pressure gauge with photoluminescent display
- Distinct, audible low-pressure whistle alarm
- Low-pressure hose and EBSS manifold with auxiliary ports
- Color-coded storage pouches for easy identification
- Carabiners w/captive bar: never lose the carabiner
- Easy-to-remove, adjustable length shoulder strap
- The facepiece, a modified AV-3000 with SureSeal, has a simple-to-use donning handle, making it quick and easy to strap onto a downed firefighter or victim

3M™ PELTOR™ Electronic Earplug, EEP-100

3M Product Number EEP-100 3M ID 7100193144 UPC 00051131277434

Details

Helps provide hearing protection in environments with hazardous noise
External microphones help you hear communication and environmental sounds
Designed by 3M PELTOR and built tough for the working professional
Intuitive one-button operation powers earpiece on/off and selects volume level
Rechargeable lithium-ion battery, charging cable included
Weather-resistant earpieces and charging case (IP54)
Small and lightweight design
Compatible with most headborne Personal Protective Equipment such as helmets, hardhats, eyewear and faceshields
Choice of replaceable communications eartips designed to fit most ear canal sizes: UltraFit™ Communication Tip (23dB), Triple C Communication Tip (27dB), and Skull Screw Communication Tip (30dB)
3M strongly recommends individual fit testing of hearing protectors. If the NRR is used to estimate typical workplace protection, 3M recommends that the noise reduction value be reduced by 50% or in accordance with applicable regulations

3M™ E-A-R™ One Touch™ Pro Adapter Plate 391-0010

3M Product Number 391-0010 3M ID 7100077665 UPC 00078371670504

Details

Mounting plate allows the 3M™ One Touch™ Pro Dispenser to be wall hung using the same hole locations as some other dispensers on the market. Hole layout on the plate eliminates the need to drill new holes when mounting a new dispenser.

This accessory is not needed to wall mount the 3M™ One Touch™ Pro Dispenser in a new location or to replace other dispensers.

*The NRR may overestimate the hearing protection provided during typical use.

3M™ Scott™ RIT-Pak III Emergency Air Supply System

3M ID B5005047164

Details

High-pressure charging wand compatible with all SCBA equipped with a RIC/UAC

Compatible with 3M Scott Air-Pak SCBA models equipped with EBSS or Dual EBSS

Compatible with all SCBA compliant to the NFPA 1981, 2018 Edition standard and equipped with Universal EBSS

Low-pressure hose and manifold provides compatibility with other non-3M Scott SCBA, using separate adapters and airline fittings

Hi-Viz orange with 3M™ Scotchlite™ Reflective Material

Skid plate for ease of dragging and added durability

External pressure gauge with HUD-style lights

Audible bell alarm to differentiate low-air alarm from other firefighters SCBA

Available in 2.2, 4.5, or 5.5 cylinder pressures

Accommodates up to a 75-min cylinder duration

Typical properties

3M™ Scott™ E-Z Airline Supplied Air Respirator

3M ID B5005047149

Details

Type C pressure demand respirator for non-IDLH environments
Ideal for use where extended wear times are needed in environments that are not immediately dangerous to life or health (non-IDLH), such as painting, plant maintenance operations and welding
NIOSH approved with 3M Scott AV-Series and Weld-O-Vista facepieces
Available with a wide range of fittings and approved hoses, up to 300 ft
EZ-Flo Regulator with Modulair™ Quick Connect option enables easy removal when needed
E-Z Flo Modulair regulator allows for personal issue regulators that can also be used with the Industrial SCBA (ISCBA), ACSi SCBA, and Ska-Pak Plus respirators for reduced training and inventory costs

3M™ Scott™ Air-Pak™ 75i SCBA

3M ID B5005047165

Details

Redundant safety features include Vibralert (end-of-service-time indicator) and a dual redundant pressure reducer for user peace of mind

Vibralert end-of-service time indicator provides audible and tactile alert that user can feel, to help ensure the user knows when they need to take action

The E-Z Flo regulator is designed for gloved hands, enables easy breathing, and has a two step secure attachment to help ensure worker confidence

NIOSH approved for use with 3M Scott AV series facepieces that can also be used for APR, PAPR, supplied air, and SCBA applications

Available in 2216, 4500 or 5500 psi variants and 30, 45, 60 or 75 minute durations

Optional extended duration airline for added respirator versatility

3M™ Scott™ EPIC 3 Voice Amplifier

3M ID B5005218009

Details

Automatic shut-off feature reduces costs of battery replacement and improves equipment readiness

Intrinsically safe for use with commercially available alkaline and NiMH AAA batteries

Durable, rugged design is robust enough to withstand day-to-day rigors, even in the most extreme applications

Ribbed, textured surface establishes more secure handling even with wet-gloved hands

Power button with tactile surface makes it easy to recognize activation with a gloved hand

Angled, directional speaker projects an amplified voice in the direction the user is facing

Upgradeable to include radio interface and radio direct interface functionality
NFPA- and NIOSH-compliant as an accessory to compatible Air-Pak SCBA models

Typical properties

Brands

Scott™

3M™ SecureFit™ 100 Series Safety Glasses

Details

3M's innovative temple design features slotted ribs that provide comfortable pressure equalization, allowing the temples to flex and self-adjust to the size of the wearer's head

Curved temples apply pressure to the less sensitive back of the head, instead of the temples, achieving a comfortable fit even during rapid head movement

Sporty design with contemporary lens shape and a sleek profile

SecureFit's flat and flexible temple design combines well with 3M™ Protective Earmuffs

Choose from models with anti-scratch or anti-fog/anti-scratch coating

Bulk packaging available (100 per case)

U6 rated polycarbonate lenses absorb 99.9% of UVA, UVB, and UVC rays between 200 nm and 380 nm

Workers can feel confident wearing 3M eye protection that meets the Impact-Rated Protector requirement of the ANSI-ISEA Z87.1-2020 Standard

3M™ PELTOR™ Throat Microphone MT90, 1 ea/cs

3M Product Number MT90 3M ID 7000127275 UPC 00093045979219

Details

Throat microphone for use on the 3M™ PELTOR™ COMTAC™ III
Communication Headsets

Can be used as an alternative to the boom microphone

A practical solution when boom microphones are ineffective or can't be used,
such as when wearing other personal protective equipment or headborne objects

Picks up vibrations from user's voice box for voice transmission

Effective in noisy environments

Offers stretchable strap with adjustments for different neck sizes

Plugs into the same auxiliary port as the flexible boom mic

3M™ Secure Click™ Full Facepiece Reusable Respirator FF-801, Small, 4 EA/Case

Part Number FF-801 3M Product Number FF-801 3M ID 7100261327

Details

The quick, easy, one-touch positive pressure push button seal check helps provide improved confidence in respirator fit

Two dual-flow cartridges on each respirator combine to create the world's first quad flow cartridge systems with four airflow paths providing easy breathing and comfort

Large lens for excellent field of vision, and treated with Scotchgard™ Protector for improved paint and stain resistance

Six-strap harness helps provide a secure comfortable fit

Speaking diaphragm is designed to help provide easy communication

The FF-800 Series meets the requirements of ANSI Z87.1-2015 standard for eye and face protection

NIOSH, a Federal government regulatory agency, has tested and approved the FF-800 with 3M Secure Click cartridges and filters

Recommended applications include assembly, chemical clean-up, chemical handling, chipping, chiseling, cleaning, furnace operations, grinding, machining, masonry, painting, pouring/casting, sanding and sawing

Speaker stand adapter for use with 3M™ E-A-Rfit™ Dual-Ear Validation System Adapter has 5/8" end to attach to black speaker stand and 1/4" end to screw into bottom of speaker

3M PSD products are for occupational use only

NOTE: 3M strongly recommends fit testing of hearing protectors. Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in hearing protector fit, fitting skill and motivation of the user. If the NRR is used, 3M recommends that it be reduced by 50% or in accordance with applicable regulations

Details

NIOSH APPROVED for at least 95 percent filtration efficiency against certain non-oil based particles

FITS A WIDE RANGE OF FACE SHAPES AND SIZES

CURVED LOW-PROFILE DESIGN conforms well to nose and eye contours, allowing more room for eyewear

EMBOSSSED TOP PANEL designed to help reduce eyewear fogging

INNOVATIVE CHIN TAB designed for ease of positioning, donning and adjustment

3-PANEL DESIGN ACCOMMODATES FACIAL MOVEMENTS to help you work and talk comfortably

SOFT INNER MATERIALS feel comfortable against the skin

ADJUSTABLE NOSECLIP helps provide a custom secure seal

INDIVIDUAL PACKAGING and flat fold design provide convenient storage and portability prior to use

SUGGESTED APPLICATIONS: For grinding, sanding, sweeping, bagging and other dusty or arid operations

HELPS FILTER CERTAIN AIRBORNE PARTICLES including dust & debris, smoke & smog particles, airborne germs, cough & sneeze debris and other particulate matter

COMPATIBLE WITH A VARIETY OF EYEWEAR

3M™ SecureFit™ Safety Helmet X5001X-ANSI, White, Reflective

3M ID 70007073821 UPC 00051131225169

Details

Patented Pressure Diffusion Technology reduces forehead pressure by 20% on average compared to 3M conventional helmets
Smooth, easy-turning ratchet suspension system sits low on the head for greater comfort and security
Proprietary UV indicator that lets wearer know when to replace helmet due to UV exposure
Chinstrap is designed with quick and smooth adjustment features for custom fit
3M™ Scotchlite™ Reflective Material for enhanced visibility under low light
Works with a variety of 3M visors, faceshields, reflective kits, and other accessories available to help meet specific job requirements
Meets ANSI Z89.1 Type 1 Class G and E
Low-profile brimless design helps with upward visibility and movement around overhead objects
For industrial/occupational use only. Not for consumer sale or use

3M™ Cool Flow™ Valve Respirator Paint Protection - Advanced Comfort 7512 (M)

3M ID 70006963048 UPC 00051131527652

Details

NIOSH-APPROVED 6001 OV CARTRIDGE for use against certain organic vapors
NIOSH-APPROVED 5P71 P95 RATED filters for at least 95% filtration efficiency against solids and liquid aerosols, as well as oil-based particulates
FOR WORKPLACE/OCCUPATIONAL USE ONLY
OIL PROOF P-series particulate filter
3M™ COOL FLOW™ VALVE helps direct exhaled breath downward
ADJUSTABLE HEAD STRAPS allow for a personalized fit
KIT CONTENTS: one facepiece, one pair of 6001 cartridges, one pair of 501 retainers and two pairs of 5P71 filters
CONVENIENT, REUSABLE DESIGN
DURABLE DESIGN for lasting wear
LIGHTWEIGHT, SILICONE FACESEAL for premium comfort
3M™ BAYONET CONNECTION compatible with 3M™ cartridges and filters
VALVE COVER DESIGN directs exhaled breath downward
SMOOTH SURFACE for quick & easy cleaning
6001 OV CARTRIDGE HELPS REDUCE EXPOSURE to certain organic vapors encountered during activities involving latex and oil-based painting, including paint spraying*, varnishes, stains, sealants, solvents, certain solvent-based cleaners or pesticides** *Use a prefilter when spraying **Refer to Pesticide Product Label for Respirator Guidance or call 3M at 1-800-243-4630 or In Canada, call 1-800-267-4414

3M™ PROTECTA® PRO™ Concrete D-ring Anchor with Bolt 2190055, 1 EA

Part Number 2190055 3M Product Number 2190055 3M ID 7100207457

Details

Rugged and corrosion resistant material construction for durability with compact and lightweight design
Use vertically in wall or horizontally in ceiling (both components)
High strength steel construction
Compatible with various fall arrest systems
Meets the requirements for 29 CFR OSHA 1910.140, and OSHA 1926.502
Recommended for use in the construction, general industrial, mining, oil and gas, and utilities industries
This safety equipment is designed for use with additional personal fall protection systems (PPE)
Installs into 3/4 in. or 18 mm concrete holes
Reusable detent D-ring assembly - extra sockets (#2101000) and detent D-rings (#2101002) also available
Install as temporary or permanent anchor

3M™ DBI-SALA® Fixed Ladder SRL Anchor

Details

Easy to transport. Under 30 lbs. for ease of transport and installation
Simple to setup up installs on the ladder in 5 minutes or less. Versatile installation allows the ladder anchor to be mounted to front or behind the ladder with left, right or center alignments
Compatible with your existing fall protection harness. Unlike a fixed cable system, this solution doesn't require a front D-ring, which can reduce overall implementation costs
Designed for durability and built to withstand permanent or temporary applications
Meets requirements of 29 CFR OSHA 1910 Walking Working Surfaces Section 1910.27
Available in galvanized or stainless steel

3M Product Number MT73H7P3E4610WS6NA 3M ID 7100204436 UPC 07318640069633

Details

Protective communication solution for hands-free, clear communication in noisy environments

Helps provide hearing protection when exposed to hazardous noise

Analog two-way communication radio with 22 pre-programmed FRS channels

Environmental listening technology helps provide protection when it's loud, as well as helps workers hear environmental sounds when it's not

Bluetooth® multipoint technology for simultaneous, wireless connection to two devices

Water and dust-proof noise-cancelling microphone (IP68) for clear speech transmission in noisy and harsh environments

Auxiliary port and a PTT button on the earcup allows for a wired connection to a wide variety of 2-way radios

Built tough for the working professional

Headset is water and dust resistant (IP54)

Comfortable for all day wearability

3M™ E-A-Rsoft™ Yellow Neons™ Earplugs

Details

Tapered shape and smooth soft texture for fit and comfort

Slow-recovery foam designed for easier insertion

Compatible with the 3M™ E-A-Rfit™ Validation System

Available with and without cords

Available in two sizes-regular and large

Features a Noise Reduction Rating (NRR)* of 33 dB for regular and large size in combination; 32 dB for regular size alone

CSA Class AL

*U.S. EPA specifies the NRR as the measure of hearing protector noise reduction. However, 3M makes no warranties as to the suitability of the NRR for this purpose. 3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. It is recommended that the NRR be reduced by 50% to better estimate typical protection

3M™ DBI-SALA® Roof Top Anchor - For Standard Membrane Roofs 2100139

Part Number 2100139 3M Product Number 2100139 3M ID 7100228425

Details

Durable materials and hardware designed to help stand up to harsh working conditions
Compatible with various fall arrest systems
Suitable for use in general industrial and construction industries
Compact, lightweight design
Meets the requirements for 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502
Features corrosion-resistant, steel and aluminum construction for durability
This safety equipment is designed for use with additional personal protective equipment (PPE)
Installs to standard membrane and built-up type roofs for use on flat or sloped (up to 3:12 pitch). Fastens through membrane, insulation and into metal, wood or concrete
Swiveling tie-off point for complete mobility. Load distributing design protects roof and user
Multi-person use with horizontal lifeline system with multiple fastener options available
Aesthetic design compliments the roof - Thermal efficient design and construction. Complete with shroud offering maximum weather proofing

3M™ DBI-SALA® Lad-Saf™ X3 Detachable Cable Sleeve 6160054, 9.5MM

Part Number 6160054 3M Product Number 6160054 3M ID 7100188819

Details

Sleeve/Traveler for 3M™ DBI-SALA® Lad-Saf™ 9.5 mm. (3/8 in.) cable vertical safety system

Approved for use on galvanized or stainless steel 9.5 mm (3/8 in.) cable vertical safety system

Mobile hands-free design helps follow the user for added climbing protection

Installs and detaches anywhere along the vertical lifeline

Dual-independent locking mechanism

Laser-cut stainless steel built-in energy absorber and fall indicator

Manufactured from stainless steel which helps to resist corrosion in harsh conditions

Can be used on various installations of 3M™ DBI-SALA® Lad-Saf™ 9.5 mm. (3/8 in.) vertical cable systems

Portable and compact design allows for transportation to and from the job site

Equipped with 3M™ Connected Safety ID (CSID)

Equipped with anti-inversion features to reduce the possibility of misuse

3M™ Full Facepiece Reusable Respirator 7800S-L, Large, Silicone 1 EA/Case

3M Product Number 7800S-L 3M ID 7000126201 UPC 00051138542597

Details

Recommended for use in multiple industries including construction, general manufacturing, heavy infrastructure, industrial maintenance, mining, oil and gas, welding, and more

Meets the requirements of ANSI Z87.1-2003 standard for eye and face protection

Silicone face seal helps provide comfort and durability, and is easy to clean

Six-strap harness helps provide a secure comfortable fit

Use with 3M™ Particle Filters 2000, 2200, 7000, or 5000 Series to help filter certain particulates

Use with 3M 6000 Series Gas/Vapor Cartridges to help filter a broad range of gases and vapors

Use with 3M 6000 Series Combination Cartridges to help filter particulates in addition to gases and vapors

Compatible with 3M™ TR-600 and TR-800 powered air and Dual Airline supplied air systems against a variety of gases, vapors, and particulate hazards

For workplace/occupational use only

3M™ Versaflo™ Powered Air Purifying Respirator Unit TR-802N/94242(AAD), Intrinsically Safe 1 EA/Case

Part Number 94242 3M Product Number TR-802N 3M ID 7100150821

Details

Top of the line IS protection - The TR-800 is a PAPR blower rated at Division I for Classes I,II, and III under the most current UL standard (UL 60079, 6th Edition, 2013)

More options for more tasks - Choose from particulate filters or gas and vapor combination cartridges for protection in a variety of environments

Work with ease - Intuitive, colored touchpoints plus visual and audible low flow indicators help make the TR-800 easy to use

Work at your own speed - Multiple airflow rates put you in control of your comfort

When clean is critical - Easy-to-clean belt and disposable breathing tube covers save time and effort, paving the way for more productivity

3M™ PELTOR™ Hard Hat Attached Electrically Insulated Earmuffs X2P5E, 10 EA/Case

3M Product Number X2P5E 3M ID 7100097448 UPC 10078371671010

Details

Electrically insulated: Appropriate for a wide range of applications*
High-performance arms: Balance durability and flexibility
Easy click in/ click out: Move cups on and off ears easily
Convenient storage: Store with cups clicked in or out
Compatibility with hard hats: Designed for use with a standard hard hat slot**
Fit can be confirmed: Verify with 3M™ E-A-Rfit™ Dual-Ear Validation System***
Series has a wide range of attenuation: Choose from 21 dB NRR to 31 dB NRR
*These earmuff cups are made of non-conductive (sometimes referred to as “dielectric”) material while the metal components of the headbands and the helmet attachment mechanisms are covered in non-conductive material. This product was found to be electrically insulated, withstanding a voltage up to 1.2 kV, at an external laboratory against a modified test method based on EN 397:2012 under dry conditions. The user must determine the overall suitability of this product for the intended application taking into account any hazards other than noise for which this product is tested and approved. **This product was designed and tested with a 3M Hard Hat H700. For information on other hard hat models contact 3M. ***3M strongly recommends fit testing of hearing protectors. Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in earmuff fit, earmuff fitting skill and motivation of the user. If NRR is used, 3M recommends that it be reduced by 50% or in accordance with applicable regulations

3M™ E-A-Rfit™ Dual-Ear Validation System 393-1100

3M Product Number 393-1100 3M ID 7100062125 UPC 00051141567648

Details

Dual-element, dual-microphone assembly is the key to the system, measuring sound levels inside and outside the hearing protector
Science-based, quantitative testing gives accurate reports of hearing protection
Fast, clear, accurate results are obtained in just seconds and can be printed or saved electronically for future reference
System determines personal attenuation rating (PAR) of individual workers and helps remove measurement, fitting, and spectral uncertainty
Dual-ear design saves time by measuring both ears simultaneously in under five seconds
System tests across 7 standard frequencies (125, 250, 500, 1000, 2000, 4000, 8000 Hz)
Works with a large variety of 3M Hearing Protection Products; earplugs, banded hearing protectors, and earmuffs
Simple, easy-to-use intuitive software
Worker and company reports created
Includes Software, Speaker And Impact Resistant Carrying Case
Free online training and user support
Requires probed test plugs, pods, or cushions

3M™ Ultimate FX Full Facepiece Reusable Respirator FF-403, Large, 4 EA/Case

Part Number 89424 3M Product Number FF-403 3M ID 7100001847

Details

Recommended applications include assembly, chemical cleanup/handling, furnace operations, grinding, laboratories, machining, masonry, painting, sanding, sawing, and more

Meets the requirements of ANSI Z87.1-2003 standard for eye and face protection
Large lens for excellent field of vision, and treated with Scotchgard™ Protector to help cause some liquids to bead up for easier removal

Silicone face seal helps provide comfort and durability, and is easy to clean

Six-strap harness helps provide a secure comfortable fit

Use with 3M™ Particle Filters 2000, 2200, 7000, or 5000 Series to help filter certain particulates

Use with 3M 6000 Series Gas/Vapor Cartridges to help filter a broad range of gases and vapors

Use with 3M 6000 Series Combination Cartridges to help filter particulates in addition to gases and vapors

Compatible with 3M™ TR-600 and TR-800 powered air and Dual Airline supplied air systems against a variety of gases, vapors, and particulate hazards

Head cradle helps reduce pressure points and hair pulling

For workplace/occupational use only

3M Product Number 502 3M ID 7000001931 UPC 50051138215113

Details

Approved 3M system component
Designed to attach 3M™ Particulate Filters 2000/2200 Series and 7093/7093C to 3M gas/vapor respirators and cartridges
Component works with 3M Respirator 5000 Series and 3M Cartridges 6000 Series (sold separately)
Particle filter adapters increases scope of potential applications
Color: translucent white

3M™ PROTECTA® PRO™ Knock-Down Disposable Roof Anchor 2103680, 12/Pack

Part Number 2103680 3M Product Number 2103680 3M ID 7100221375

Details

Durable materials and hardware designed to help stand up to harsh working conditions
Compatible with various fall arrest systems, not compliant for use with Horizontal Lifelines
Suitable for use in general industrial and construction industries
Compact, lightweight design
Meets the requirements for 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502
Features corrosion-resistant, steel and aluminum construction for durability
This safety equipment is designed for use with additional personal protective equipment (PPE)
Optimal installation is located at the roof peak
Includes fastener kit for fast and easy nail installation
Fall arrest- and restraint-rated for one worker
Includes 12 units in each pack

3M™ DBI-SALA® Roof Top Anchor - For Metal, Concrete, Wood Roofs 2100133, Silver

Part Number 2100133 3M Product Number 2100133 3M ID 7100228409

Details

Durable materials and hardware designed to help stand up to harsh working conditions

Compatible with various fall arrest systems

Suitable for use in general industrial and construction industries

Compact, lightweight design

Meets the requirements for 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502

Features corrosion-resistant, steel and aluminum construction for durability

This safety equipment is designed for use with additional personal protective equipment (PPE)

Installs to 24 gauge or thicker metal, 5/8 in. (1.6 cm) wood and 3,000 PSI (21 MPa) concrete roofs. For use on flat or sloped (up to 3:12 pitch) roof decks

Accommodates roof ribs 10-20 in. (25.4-50.1cm) apart in 1 in. (2.5cm) increments

Swiveling tie-off point for complete mobility. Load distributing design protects roof and user

Multi-person use with horizontal lifeline system with multiple fastener options available

3M™ DBI-SALA® Flexiguard™ Box-Frame Rail Adjustable Height Anchor System 8530288, 2 User, 12 - 18 ft High, 12 ft Wide

Part Number 8530288 3M Product Number 8530288 3M ID 7012820910

Details

Secure fall protection with intuitive pin-height selection system. The system can be adjusted using an overhead crane, forklift or other powered system
Provides an overhead sliding anchor point for one, two or more personnel, maximum one person per trolley
Fixed and Adjustable height systems
Solid rubber wheels available
Aluminum and steel construction
Requires clearance over equipment being accessed
Accessories available to suit worksite needs including optional tow bar
Conforms to OSHA 1926.502 and OSHA 1910.66 requirements
Overhead anchoring can improve at-height work safety; an effective fall arrest system
Recommended for numerous applications within the transportation, construction, utilities, and mining industries

3M™ PELTOR™ Optime™ 95 Earmuffs H6A/V, Over-the-Head, 10 EA/Case

3M Product Number H6A/V 3M ID 7000009667 UPC 10093045080615

Details

Earmuff provide hearing protection against high-frequency noise up to 95 dBA
Ultra-light hearing protectors are less noticeable to wear
Folding design offers compact storage
Earmuffs provide relief with Noise Reduction Rating (NRR) of 21 decibels

3M™ Versaflo™ Spark Arrestor TR-662, for TR-600/800 PAPR 2/BAG

Part Number 37355 3M Product Number TR-662 3M ID 7100035845

Details

Protects TR-6000 series filters and cartridges from potential damage due to sparks

May reduce operating costs by extending the life of TR-6000 series filters and cartridges

May lower operating costs when used as a cleanable pre-filter

Flexible application because TR-662 may be used with TR-6600 prefilter

Typical properties

3M™ Full Facepiece Reusable Respirator 6900 Large 4 EA/Case

Part Number 54159 3M Product Number 6900 3M ID 7000002037

Details

Recommended applications include assembly, chemical cleanup/handling, chemical splash, chiseling, cleaning, furnace operations, grinding, laboratories, machining, masonry, painting, sanding, sawing, and more

Meets the requirements of the ANSI Z87.1-2010 standard, high impact level for eye and face protection

Large lens for excellent field of vision

Silicone face seal helps provide comfort and durability, and is easy to clean

Four-point harness provides a secure, comfortable fit

Use with 3M™ Particle Filters 2000, 2200, 7000, or 5000 Series to filter certain particulates

Use with 3M 6000 Series Gas/Vapor Cartridges to help filter a broad range of gases and vapors

Use with 3M 6000 Series Combination Cartridges to help filter particulates in addition to gases and vapors

Compatible with 3M™ TR-600 and TR-800 powered air and Dual Airline supplied air systems against a variety of gases, vapors, and particulate hazards

For workplace/occupational use only

3M™ DBI-SALA® Standing Seam Roof Anchor 2190073

Part Number 2190073 3M Product Number 2190073 3M ID 7100231994

Details

Durable materials and hardware designed to help stand up to harsh working conditions
Compatible with various fall arrest systems, not compliant for use with Horizontal Lifelines
Suitable for use in general industrial and construction industries
Compact, lightweight design
Meets the requirements for 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502
Features corrosion-resistant, steel and aluminum construction for durability
This safety equipment is designed for use with additional personal protective equipment (PPE)
The lightweight anchor system installs in minutes and restricts damage the rooftop. Installs to flat or sloped standing seam roofs. System clamps to standing seams without special tools, providing an anchorage point for an SRL, including the 3M™ DBI-SALA® Smart Lock Self-Retracting Lifeline
Built-in non-penetrating clamp design with four seam clamps allow for quick attachment without damaging the roof
Slide on the tube legs fit 12,24, 30, 32 and 36 in. seam spacing (30.5, 61, 76.2, 81.3 and 91.4 cm)
Portable and Reusable. Anchor can be removed and simply reinstalled in a new location for added jobsite flexibility

3M™ DBI-SALA® Reusable Compact Roof Anchor 2103677

Part Number 2103677 3M Product Number 2103677 3M ID 7100228427

Details

Durable materials and hardware designed to help stand up to harsh working conditions
Compatible with various fall arrest systems, not compliant for use with Horizontal Lifelines
Suitable for use in general industrial and construction industries
Compact, lightweight design
Meets the requirements for 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502
Features corrosion-resistant, steel and aluminum construction for durability
This safety equipment is designed for use with additional personal protective equipment (PPE)
Installs to sloped or flat wood roofs
Includes 3 ea. lag screws for fast and easy installation
Built-in D-ring tie-off point
Portable and reusable

3M™ Double Locking Rebar Snap Hook 2109193, Zinc Plated Steel, 3600 lb Gate, 2 1/2 in Throat

3M Product Number 2109193 3M ID 7100311021

Details

Corrosion resistant plated steel hardware
High strength construction with 3,600 lb (16kN) rated gate
Double action and locking gate for added safety
Compact design
Designed to allow horizontal movement along the anchorage, but does not include capability to pass intersecting structures
Compatible with various fall arrest systems
Recommended for use in multiple industries including construction, oil and gas, and utilities

3M™ DBI-SALA® Permanent Multi-Span Horizontal Lifeline Sleeve 7608002

Part Number 7608002 3M Product Number 7608002 3M ID 7100301368

Details

Heavy-duty, Melonite-treated steel construction

Lifeline sleeve glides smoothly as you work

Recommended for use in multiple industries including construction, facilities, power plants, general manufacturing, heavy infrastructure, and more

Single-span systems hold up to 2 workers

Engineered for standard connecting subsystems that limit fall-arrest forces to 900 lbs. (4 kN) or less

This safety equipment is designed for use with additional personal protective equipment (PPE)

This lifeline sleeve is permanently attached to the lifeline during installation

Part Number 6100136 3M Product Number 6100136 3M ID 7012819665

Details

Cable guide support for Lad-Saf™ steel pole and angle leg tower ladder safety system

Bolts to cable guide for fast, easy and safe installation (order separately)

User installed weld-on bracket is fast, easy and safe

Extremely rugged and corrosion resistant stainless steel construction

Complete system accommodates up to 4 workers at one time

Customizable to suit almost any application

Order top bracket, stand-offs, cable, cable guide, and sleeve separately

3M™ DBI-SALA® Concrete Detent Anchor 2101004, 1 EA

Part Number 2101004 3M Product Number 2101004 3M ID 7100188833

Details

Rugged and corrosion resistant material construction for durability with compact and lightweight design
Use vertically in wall or horizontally in ceiling (both components)
High strength steel construction
Compatible with various fall arrest systems
Meets the requirements for 29 CFR OSHA 1910.140, and OSHA 1926.502
Recommended for use in the construction, general industrial, mining, oil and gas, and utilities industries
This safety equipment is designed for use with additional personal fall protection systems (PPE)
Installs into 7/8 in. (22 mm) concrete hole with adhesive
Swiveling D-ring tie-off point
Socket cover cap included
Reusable detent D-ring assembly - extra sockets (#2101000) and detent D-rings (#2101002) also available

3M™ DBI-SALA® Temporary Pour/Fasten-In-Place Horizontal Lifeline Intermediate Bracket 7400200

Part Number 7400200 3M Product Number 7400200 3M ID 7012820239

Details

Zinc-plated steel materials are durable and stand up to harsh environments
Portable design is durable, yet lightweight, for easy transport
Compatible with multi-span lifeline configurations
Intended for use in a temporary horizontal lifeline system
Designed for use in Pour-in-Place Post Horizontal Lifeline Systems or fasten-in-place steel applications
This safety equipment is intended for use with additional personal protective equipment (PPE)
Single-span systems hold up to 2 workers; multi-span systems hold up to 6 workers
Recommended for use in multiple industries including construction, facilities, general manufacturing, heavy infrastructure, and more

3M™ DBI-SALA® Flexiguard™ A-Frame Rail Adjustable Height Anchor System

8517780, 2 User, Yellow, 16 - 22.5 ft Height, 20 ft Width

Part Number 8517780 3M Product Number 8517780 3M ID 7100231968

Details

Multiple height and width configurations available
Aluminum and steel construction
Extruded aluminum rail requires minimal maintenance and includes two trolleys
System includes steel leveling jacks
Conforms to the requirements of OSHA 1926.502 and OSHA 1910.66
Suitable for numerous applications within the transportation, construction, utilities, and mining industries

Part Number 2199938 3M Product Number 2199938 3M ID 7100246255

Details

Compatible with various fall protection systems
Compact, lightweight design
Ideal for use with personal fall arrest systems with self-retracting lifelines
Recommended for use in the construction, general industrial, mining, oil and gas, transportation, utilities, and wind energy industries
Portable and reusable
Corrosion-resistant construction for durability
This safety equipment is designed for use with additional personal protective equipment (PPE)
Installs onto 2-3/4 in. to 3-1/4 in. wide rails - (90-141 lbs/yd and 132 lbs head-free rail)
Fall arrest- and restraint-rated for one worker

3M™ DBI-SALA® Sealed-Blok™ Self Retracting Lifeline 3400135, Stainless Steel Cable, Swivel Snap Hook, 50 ft., Class 1, ANSI

3M Product Number 3400135 3M ID 7100318431 UPC 00648250244043

Details

- Available in multiple configurations, lifeline lengths, and material types
- Critical SRL components sealed from environmental exposure
- Swiveling self-locking snap hook with impact indicator
- Pivoting anchorage connector loop
- Durable Construction
- Galvanized & stainless steel cable options
- Quick activating speed-sensing locking system
- Equipped with an integrated carrying handle to assist in transporting the SRL to job sites
- IP 69K ingress protection rating
- Integrated fall arrest energy dissipation system
- Emergency retrieval system available on some models
- RFID tag is embedded in polyurethane bumper
- Ergonomic cable handle equipped with 3M™ Connected Safety ID (CSID)

3M™ PELTOR™ Hard Hat Attached Electrically Insulated Earmuffs X1P5E, 10 EA/Case

3M Product Number X1P5E 3M ID 7100097525 UPC 10078371671003

Details

Electrically insulated: Appropriate for a wide range of applications*
High-performance arms: Balance durability and flexibility
Easy click in/ click out: Move cups on and off ears easily
Convenient storage: Store with cups clicked in or out
Compatibility with hard hats: Designed for use with a standard hard hat slot**
Fit can be confirmed: Verify with 3M™ E-A-Rfit™ Dual-Ear Validation System***
X1 Products are slim and lightweight: Comfortable for wearers, especially with other protective equipment

*These earmuff cups are made of non-conductive (sometimes referred to as “dielectric”) material while the metal components of the headbands and the helmet attachment mechanisms are covered in non-conductive material. This product was found to be electrically insulated, withstanding a voltage up to 1.2 kV, at an external laboratory against a modified test method based on EN 397:2012 under dry conditions. The user must determine the overall suitability of this product for the intended application taking into account any hazards other than noise for which this product is tested and approved. **This product was designed and tested with a 3M Hard Hat H700. For information on other hard hat models contact 3M. ***3M strongly recommends fit testing of hearing protectors. Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in earmuff fit, earmuff fitting skill and motivation of the user. If NRR is used, 3M recommends that it be reduced by 50% or in accordance with applicable regulations

3M™ PELTOR™ Tactical Earplug TEP-300 TN, Tan

3M Product Number TEP-300 TN 3M ID 7100227637 UPC 00638060429877

Details

Wireless - Utilizing near field magnetic induction, 3M™ PELTOR™ Tactical Earplugs, TEP-300 can be wirelessly connected to the 3M™ PELTOR™ System Control Unit, SCU-300 (not included)

Compact Hearing Protection - Comes with multiple sizes and types of replaceable eartips, designed to help provide hearing protection

Situational Awareness - 3M™ PELTOR™ Tactical Earplugs, features environmental listening function – a capability designed to help provide auditory situational awareness, while still helping provide protection from hazardous noise

In Ear Speech Microphone - The TEP-300 features in-ear, acoustical, speech communications microphones which pick up sound waves from your voice as you speak

Portable Charging Case - Up to 16 recharging cycles with AA or AAA batteries

Micro USB-C Charging Port - USB port enables the charging of the earplugs when plugged into a computer or wall socket (cable not included)

3M strongly recommends individual fit testing of hearing protectors. If the NRR is used to estimate typical workplace protection, 3M recommends that the noise reduction value be reduced by 50% or in accordance with applicable regulations

Typical properties

Attenuation Rating

30 dB, 23 dB

Battery Life

Approx. 10 hours

3M™ DBI-SALA® Roof Top Anchor 2100138

Part Number 2100138 3M Product Number 2100138 3M ID 7100228424

Details

Durable materials and hardware designed to help stand up to harsh working conditions

Compatible with various fall arrest systems

Suitable for use in general industrial and construction industries

Compact, lightweight design

Meets the requirements for 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502

Features corrosion-resistant, steel and aluminum construction for durability

This safety equipment is designed for use with additional personal protective equipment (PPE)

Installs to flat or low sloped (up to 3;12 pitch) steel steel standing seam roofs

Tie-off point swivels for complete mobility

3M™ Protecta® Reusable Roof Anchor For Standing Seam 2190072, Fits 12 in, 24 in, 30 in, 32 in, 36 in Spacing

Part Number 2190072 3M Product Number 2190072 3M ID 7100237100

Details

Installs to flat or sloped standing seam roofs. System clamps to standing seams without special tools, providing an anchorage point for an SRL

Non-penetrating design with four seam clamps allows for quick attachment without damaging the roof

Adjustable legs with simple bolt style allow you to size the system to a variety of seam spacing. Fits 12, 24, 30, 32 and 36 in. spacing

Portable and reusable. Anchor can be removed and simply reinstalled in a new location for added jobsite flexibility

3M™ DBI-SALA® Metal Horizontal Lifeline Energy Absorber 7401013, Stainless Steel

Part Number 7401013 3M Product Number 7401013 3M ID 7100260186

Details

Metal energy absorbers help protect the structure, and minimize needed fall clearance

Durable stainless steel materials stand up to harsh work conditions

Recommended for multiple industries including construction, general manufacturing, heavy industrial, oil and gas, transportation, and more

Single-span systems hold up to 2 workers; multi-span systems hold up to 6 workers

Compatible with galvanized and stainless steel lifeline cables

This safety equipment is intended for use with additional personal protective equipment (PPE)

Allows use of standard 5,000 lbs. (2268 kg) anchors including a tie-off adaptor, fixed beam anchor, D-ring anchorage plate and more

Configure up to 60 ft. length single span system with one device or 100 ft. single span and all multiple span systems with two Metal Energy Absorbers

3M™ Secure Click™ Particulate Filter P100 with Nuisance Level Acid Gas Relief D3096, 100 ea/Case

3M Product Number D3096 3M ID 7100213425 UPC 50051131278153

Details

CE approved for environments containing particulates
Hear it: Quick, simple cartridge connection. Simply align the connections and push until you hear a click. Use with CE approved 3M™ Secure Click™ Facepieces
Feel it: Dual-flow filters allow for easy breathing
Swept back filter design for compatibility with certain welding and grinding shields
NIOSH-approved P100 particulate filter for respiratory protection against certain oil and non-oil based particulates
Nuisance level acid gas relief
Swept-back design for enhanced field of view and comfort
For workplace/occupational use only
Package contents: 1 case contains 50 pairs of filters (100 each)

3M™ DBI-SALA® Reusable Freestanding Counterweight Roof Top Anchor Lifting Sling Kit 2104190

Part Number 2104190 3M Product Number 2104190 3M ID 7100314286

Details

Lightweight and durable polyester web construction
Meets the requirements for 29 CFR OSHA 1910.140, and OSHA 1926.502
Recommended for use in multiple industries including construction, mining, oil and gas, transportation, utilities, and wind energy
Adjustable designs available to accommodate a variety of different sized structures
Compatible with various fall arrest systems
This safety equipment is designed for use with additional personal fall arrest systems
Features high-strength steel hardware
Portable and reusable
Ideal anchorage device for scaffolding or piping

3M™ DBI-SALA® Temporary Rebar/Shear Stud Horizontal Lifeline End-Anchor Retro-Fit Kit 7400053

Part Number 7400053 3M Product Number 7400053 3M ID 7012820227

Details

Includes a rebar/shear stud base, tie-back assembly, end anchor, and intermediate bracket; stanchions and lifelines are sold separately
Compatible with single-span and multi-span lifeline configurations
Single-span systems hold up to 2 workers; multi-span systems hold up to 6 workers

Horizontal lifelines offer workers exceptional mobility on the job

Portable design is durable, yet lightweight, for easy transport

This safety equipment is intended for use with additional personal protective equipment (PPE)

Recommended for use in multiple industries including construction, facilities, general manufacturing, heavy infrastructure, and more

Zinc-plated steel materials are corrosion-resistant and stand up to harsh environments

3M™ DBI-SALA® Wedge Grip Horizontal Lifeline Termination Device 7608008

Part Number 7608008 3M Product Number 7608008 3M ID 7012820345

Details

Stanchions, lifelines, bases, and Metal Energy Energy Absorbers all sold separately

Constructed of durable materials

Recommended for use in multiple industries including construction, facilities, power plants, general manufacturing, heavy infrastructure, and more

Single-span systems hold up to 2 workers; multi-span systems hold up to 6 workers

Compatible with galvanized and stainless steel lifeline cables

This safety equipment is designed to work with additional personal protective equipment (PPE)

Portable design is durable, yet lightweight, for easy transport

Intended for use in a temporary horizontal lifeline system

Metal Energy Absorbers help protect the structure, and minimize needed fall clearance

3M™ PELTOR™ X3 Earmuffs X3P5E, Electrically Insulated, Hard Hat Attached, 10 ea/Case

3M Product Number X3P5E 3M ID 7100097405 UPC 10078371671027

Details

Electrically insulated: Appropriate for a wide range of applications*
High-performance arms: Balance durability and flexibility
Easy click in/ click out: Move cups on and off ears easily
Convenient storage: Store with cups clicked in or out
Compatibility with hard hats: Designed for use with a standard hard hat slot**
Fit can be confirmed: Verify with 3M™ E-A-Rfit™ Dual-Ear Validation System***
Series has a wide range of attenuation: Choose from 21 dB NRR to 31 dB NRR
*These earmuff cups are made of non-conductive (sometimes referred to as “dielectric”) material while the metal components of the headbands and the helmet attachment mechanisms are covered in non-conductive material. This product was found to be electrically insulated, withstanding a voltage up to 1.2 kV, at an external laboratory against a modified test method based on EN 397:2012 under dry conditions. The user must determine the overall suitability of this product for the intended application taking into account any hazards other than noise for which this product is tested and approved. **This product was designed and tested with a 3M Hard Hat H700. For information on other hard hat models contact 3M. ***3M strongly recommends fit testing of hearing protectors. Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in earmuff fit, earmuff fitting skill and motivation of the user. If NRR is used, 3M recommends that it be reduced by 50% or in accordance with applicable regulations

Part Number 7605060 3M Product Number 7605060 3M ID 7100188820

Details

Robust galvanized temporary horizontal cable lifeline
Retractable horizontal cable system can be set at any length up to 60 ft. (18.3 m)
User-friendly design makes it easy to transport to and from job sites using the carrying handle
Built-in winch, pre-tension, and impact indicator
Durable construction designed to help stand up to harsh conditions
Single and multi-span compatible
Internal energy absorber helps limit fall arrest forces
Equipped with RFID
Achieves proper tension with an audible click
Tethered crank handle to help prevent loss

3M™ DBI-SALA® Flexiguard™ Supported Ladder Rail Fixed Height Access Anchor System 8530397, 2 User, 9 ft High, 3 ft Wide

Part Number 8530397 3M Product Number 8530397 3M ID 7100325589

Details

9 ft. (2.7 m) platform height provides optimal access for transportation vehicle maintenance
9 ft. (2.7 m) platform length provides ample maneuvering space for 1-2 workers
12 ft. (3.7 m) fall arrest rail and trolley system for active fall protection
Non-slip working platform helps keep personnel on their feet
8 in. (20 cm) urethane wheels allow the system to be moved between jobs
Conforms to the requirements of OSHA 1926.502 and OSHA 1910.66
One part of your personal fall arrest system; intended for use with personal protective equipment (PPE) including (but not limited to) harnesses and self retracting lifelines
Suitable for numerous applications within the transportation industry

3M™ PELTOR™ Welding Earmuff H505B, Behind-the-Head, 10 EA/Case

3M Product Number H505B 3M ID 7000103840 UPC 10093045936400

Details

Lightweight, low-profile design allows the earmuff to fit nicely under 3M™ Speedglas™ 9100 Series and other welding helmets

Soft ear cushions provide a comfortable seal and help reduce loud noise exposure

Semi-soft cup surface minimizes scratch sound transmission

Two-point suspension and wire headband with individual spring action help facilitate constant, even pressure distribution on the earmuff cushions for a secure, comfortable fit

3M™ DBI-SALA® Vacuum Anchor Lifeline System without Air Bottle Attachment 2200094

Part Number 2200094 3M Product Number 2200094 3M ID 7100228430

Details

- Compact and lightweight aluminum design is easy to transport, install, and use
- Provides a secure tie-off point on smooth, non-porous surfaces using vacuum technology
- Approved for horizontal lifeline use
- Heavy-duty storage and transport case
- Compatible with external air power sources for added versatility
- Self-contained design includes on-board air bottle. Compatible with external air power options
- Comprehensive backup system features an audio alarm and vacuum-level indicator
- Built-in check valves provide safety during accidental air loss
- Aviation-rated, intrinsically safe electronics
- Meets the requirements for 29 CFR OSHA 1910.140, OSHA 1926.502
- Can provide power for one additional secondary unit

3M™ DBI-SALA® Beam Trolley 2103143, 1 EA

Part Number 2103143 3M Product Number 2103143 3M ID 7100188831

Details

Compatible with various fall protection systems

Compact, lightweight design

Ideal for use with personal fall arrest systems with self-retracting lifelines

Recommended for use in the construction, general industrial, mining, oil and gas, transportation, utilities, and wind energy industries

Portable and reusable

Corrosion-resistant construction for durability

This safety equipment is designed for use with additional personal protective equipment (PPE)

Installs onto 3 in. to 8 in. (7.6 - 20.3 cm.) wide and up to 11/16 in. (1.7 cm.) thick I-beam flange and attaches anywhere on a horizontal beam with complete horizontal mobility and a hands-free design

Fixed rotating D-ring mounts in the center for better weight distribution

Rotating D-ring tie-off point is fixed in center

Part Number 8530352 3M Product Number 8530352 3M ID 7100204296

Details

- Integrated 5,000 lb. (22 kN) mast anchorage point
- Fall arrest rated in all davit offset mast positions
- Built in pulley for 3-way SRL with emergency retrieval or winch
- The 3-way SRL with emergency retrieval or winch attach easily to mounting bracket
- Built-in secondary fall arrest anchor point
- Folding base and handrail
- Adjustable leveling system
- Set up and dismantle without tools
- Corrosion-resistant construction
- Built-in handrail system with hinged gate

3M™ Protecta® Reusable Hinged Roof Anchor For Wood/Metal 2104000, with Fastener Kit

Part Number 2104000 3M Product Number 2104000 3M ID 7012818304

Details

Durable materials and hardware designed to help stand up to harsh working conditions
Compatible with various fall arrest systems, not compliant for use with Horizontal Lifelines
Suitable for use in general industrial and construction industries
Compact, lightweight design
Meets the requirements for 29 CFR OSHA 1910.140 and 29 CFR OSHA 1926.502
Features corrosion-resistant, steel and aluminum construction for durability
This safety equipment is designed for use with additional personal protective equipment (PPE)
Installs to sloped or flat wood and metal roofing
Low-profile design stays out of the way as you work
Fast and easy nail or screw installation - Fastener kit included
Hinged design with D-ring

3M™ DBI-SALA® Fixed Ladder Self-Retracting Lifeline Anchor Tagline 6100566, Stainless Steel

Part Number 6100566 3M Product Number 6100566 3M ID 7100260187

Details

Easy to transport. Under 30 lbs. (13.6 kg) for ease of transport and installation
Simple to setup up installs on the ladder in 5 minutes or less. Versatile installation allows the ladder anchor to be mounted to front or behind the ladder with left, right or center alignments
Compatible with your existing fall protection harness. Unlike a fixed cable system, this solution doesn't require a front D-Ring, which can reduce overall implementation costs
Designed for durability. Built to withstand permanent or temporary applications
Compliance comes standard. Meets 29 CFR OSHA 1910 Walking Working Surfaces Section 1910.27

3M™ Speedglas™ Heavy-Duty Welding Helmet G5-01, Rigid Neck Cover, Fabric Head Cover, No ADF, 46-0099-35, 1 EA/Case

Part Number 56FE38 3M Product Number 46-0099-35 3M ID 7100259574

Details

Available 3M™ Speedglas™ Welding Lens G5-01TW offers variable dark shades 5, 8-13 and tack welding comfort mode and G5-01VC offers variable dark shades 5, 8-14 plus Variable Color Technology

The big (104 x 170 mm), clear protective visor is curved, with excellent views up, down and peripherally

For more control over your comfort, the innovative G5-01 helmet airflow optimization system lets you direct the airflow to either your face, visor or somewhere in-between

The slim profile and ergonomic design makes the G5-01 helmet easier to utilize in tight welding spaces

Suitable for most types of arc welding

3M™ Secure Click™ Full Facepiece Reusable Respirator FF-802, Medium, 4 EA/Case

Part Number FF-802 3M Product Number FF-802 3M ID 7100261326

Details

The quick, easy, one-touch positive pressure push button seal check helps provide improved confidence in respirator fit

Two dual-flow cartridges on each respirator combine to create the world's first quad flow cartridge systems with four airflow paths providing easy breathing and comfort

Large lens for excellent field of vision, and treated with Scotchgard™ Protector for improved paint and stain resistance

Six-strap harness helps provide a secure comfortable fit

Speaking diaphragm is designed to help provide easy communication

The FF-800 Series meets the requirements of ANSI Z87.1-2015 standard for eye and face protection

NIOSH, a Federal government regulatory agency, has tested and approved the FF-800 with 3M Secure Click cartridges and filters

Recommended applications include assembly, chemical clean-up, chemical handling, chipping, chiseling, cleaning, furnace operations, grinding, machining, masonry, painting, pouring/casting, sanding and sawing

3M™ PELTOR™ Professional In Ear Communication Headset PIC-100 NA, 20 ea/Case

3M Product Number PIC-100 NA 3M ID 7100262767 UPC 00638060433164

Details

In-ear protective communication solution for hands-free, clear communication in noisy environments

On-demand fit test provides the wearer's current personal attenuation rating (PAR) to help ensure adequate protection with each fit

Speech microphones in the earpieces pick up your voice, eliminating the need for a traditional boom microphone

The in-ear speech-communication microphone enables compatibility with a variety of personal protective equipment such as helmets/hard hats, eye wear, and respirators

Bluetooth® technology for connection to external devices

Close-connect wireless technology enables close-proximity, headset-to-headset communication

Six separate Close-connect channels enable different groups to communicate in close proximity without interference

Environmental listening technology assists workers to hear environmental sounds in low noise and helps provide protection when it's loud

Replaceable eartips in multiple types and sizes

The PIC-100 introduces multiple innovative technologies to help workers stay protected and productive

3M™ Secure Click™ Particulate Filter P95 D7P71, 200 EA/Case

3M Product Number D7P71 3M ID 7100213434 UPC 50051131278108

Details

Works with 3M™ Secure Click™ Cartridges D8000 Series
Held in place by required 3M™ Secure Click™ Filter Retainer D701
NIOSH-approved P95 particulate filter for respiratory protection against certain oil and non-oil based particulates
Allows for replacement of filters prior to change out of cartridges for cost savings
Use two D7P71 filters per D8000 Series cartridge for a total of four filters per facepiece
For workplace/occupational use only
Package contents: 1 case contains 10 boxes of 20 filter each (200 each total)

3M™ Rugged Comfort Quick Latch Half Facepiece Reusable Respirator 6502QL/49490, Medium, 10 EA/Case

3M Product Number 6502QL 3M ID 7000128239 UPC 50051131494904

Details

Recommended industries include construction, general manufacturing, heavy infrastructure, industrial maintenance, mining, oil and gas, transportation, and more

Use with 3M™ Particle Filters 2000, 2200, 7000, or 5000 Series to filter certain particulates

Use with 3M 6000 Series Gas/Vapor Cartridges to help filter a broad range of gases and vapors

Use with 3M 6000 Series Combination Cartridges to help filter particulates in addition to gases and vapors

Compatible with 3M™ TR-600 and TR-800 powered air purifying respirators against a variety of gases, vapors, and particulate hazards

Silicone face seal keeps its shape even in hot work conditions

Low-profile half facepiece design is compatible with many welding and grinding shields

3M™ Speedglas™ G5-02 Magnification Plate 08-0500-56, 1.5X

Part Number 08-0500-56 3M Product Number 08-0500-56 3M ID 7100239738

Details

Magnifies objects by 1.5 times the normal power and is designed for use with the 3M™ Speedglas™ Welding Helmet G5-02

No extra lens holder needed, just attach to the G5-02 inner protection plate, making lens installation easier and more secure

Position can be adjusted vertically in five steps for optimized view of your work piece

3M™ Versaflo™ Easy Clean Backpack TR-927, 1 Ea/Case

3M Product Number TR-927 3M ID 7100300071

Details

Designed with a smooth surface to be easily cleanable

Versatile adjustability for comfortable and stable fit

The smooth surface may help save time cleaning

Washable in a solution of soap and water

Designed to minimize contact with the back to help with ventilation

Comfortable and designed to be perceived as balanced when carried

Compatible with TR-300+, TR-600 and TR-800 PAPRs

Fits a variety of body sizes

When used with the TR-300+ PAPR system is IP53 rated and when used with the TR-600/800 PAPRs it is IP54 rated

Securely holds TR-300+, TR-600 and TR-800 PAPRs

3M™ DBI-SALA® Detent Anchor Socket and Cap For Concrete 2101000, Fits 7/8 in Hole

Part Number 2101000 3M Product Number 2101000 3M ID 7012818267

Details

Rugged and corrosion resistant material construction for durability with compact and lightweight design
Use vertically in wall or horizontally in ceiling (both components)
High strength steel construction
Compatible with various fall arrest systems
Meets the requirements for 29 CFR OSHA 1910.140, and OSHA 1926.502
Recommended for use in the construction, general industrial, mining, oil and gas, and utilities industries
This safety equipment is designed for use with additional personal fall protection systems (PPE)
Installs into 7/8 in. (22 mm) concrete hole with adhesive
Socket cover cap included
Reusable detent D-ring assembly - extra sockets (#2101000) and detent D-rings (#2101002) also available

3M™ DBI-SALA® Perimeter Limiter Leading Edge Anchor 2100090

Part Number 2100090 3M Product Number 2100090 3M ID 7100227987

Details

Freestanding design to minimize any impact to the installation surface
Counterweight design is fast and easy to install for up to two users while the tall mast reduces fall clearances
Large foam filled flat-free tires make it easy to move from one job to the next
Tie-off points are built into the system for personal fall arrest systems
This safety equipment is designed for use with additional personal protective equipment
Conforms to the requirements of 29 CFR OSHA 1926.502 and OSHA 1910.140
Compatible with various fall arrest systems
Recommended for use in the construction, general industrial, mining, and oil and gas industries
Rotating mast / arm for complete mobility
Integrated anchor point and pulley for rescue system
